

# Coolidge Given U.S. Republican Nomination To-day

## THREE SHIPS TO BERTH AT PIERS

Announcement From Vice-Admiral Field; Route of Parade Shortened

Collection Funds Are Growing Slowly For Entertainment

H.M.S. Hood, H.M.S. Repulse, and H.M.S. Adelaide will berth at Ogden Pier, according to a wireless message received to-day from Vice-Admiral Field, who left Honolulu to-day en route here with the British Special Service Squadron. This is particularly welcome news, as it was feared H.M.S. Repulse would take her berth in the stream, and this would, of course, decrease facilities to have access to the fine British battle cruiser. There will be no change in the plan for the light cruisers, which will all go to Esquimaux Harbor.

Admiral Field wireless a message to Mayor Hayward that he will find it necessary to curtail the length of the parade on Monday, June 23, which will be the most spectacular feature of the battle cruisers' visit. The parade is not to exceed two miles, and will be participated in alone by the units of the two battle cruisers and the Australian vessel. The salute will be taken at 10 o'clock at the Queen's Statue, Parliament Square, and the route will include part of James Bay and a small section of the business streets. The parade committee will have to reconsider the provisional route in the light of the Admiral's requirement. Collections for the entertainment fund are proceeding slowly and it is hoped to stimulate collections with the opening of an office in 1007 Government Street, kindly placed at the disposal of the committee by J. C. Bridgman. The Mayor's fund is also growing a little more rapidly, but no figures are available. The fund collected by the committee last night has added \$1,100 to the aggregate. The committee, in addition to the entertainment of the seven ships of the squadron, will take care of the crews of the fleet auxiliaries War Sepoy and British Beacon.

## CAMPBELL RIVER LINE'S OPENED

Telephone Connection Now Established With Victoria Adds Thirty Miles of Service to Island Subscribers

The completion of the extension of the B.C. Telephone Company's line from Courtenay to Campbell River, now an accomplished fact, places Victoria in touch with points 170 miles up the East Coast.

The scheme has long been desired, residents at Campbell River having been able to use the line at night by courtesy of the Dominion Government, but the service has not been satisfactory. The new line is about thirty miles long, and is present planned to terminate at the Willows, Hotel, Campbell River, where the toll office for the district will be situated. The importance of telephonic communication to that centre is appreciated as a protective feature, and as establishing communication with the points all over Southern Vancouver Island.

At Campbell River the B.C. Telephone Company's toll office will make connection with the individual subscribers on the line of the International Timber Company's office, but the company will take no responsibility for the local service, which will be handled by the local operator. The L. T. Co.'s lines are so distributed through the forest that by construction of a short line to Forbes Landing, on Campbell Lake, the lake-side hostility at the gateway to Strathcona Park can be placed in touch with the outer world. The company has placed H. N. Frith in charge of the Campbell River office, and there will be an office at Oyster River in charge of L. W. English.

There will be very few subscribers obtainable en route along the thirty miles of new wire between Courtenay and Campbell River, owing to the fact that the local service as far as Merrville is connected to the Courtenay exchange.

## Fifty Germans in Prison Are Freed By the Belgians

Brussels, June 12.—The Belgian Government has announced that it has freed fifty German political prisoners condemned for offences in the Ruhr. The action is intended to make easier the German Government's acceptance of the experts' report on the settlement of the Ruhr.

## Mrs. Mary Ellen Smith Talks To Women Radio Broadcasts To-night's Meeting

HON. JOHN HART

MARY ELLEN SMITH

Mrs. Mary Ellen Smith, first woman member of the British Columbia Legislature and woman candidate in Vancouver in this campaign, is addressing a large meeting of women at the Chamber of Commerce this afternoon on social legislation in British Columbia.

For those who are not able to hear her this afternoon, Mrs. Smith will speak again to-night at the mass meeting at the Chamber of Commerce, when the Hon. John Hart, Minister of Finance, will launch into the political fight in the centre of the city.

L. B. Clearihue, Dr. Melbourne Rayner and Samuel Drake, Liberal candidates, will also be present at to-night's meeting and make short speeches. The meeting will start at 8 o'clock.

All to-night's speeches will be broadcast over the radio C.F.C.A. For Friday night the Playhouse Theatre has offered the candidates of the Liberal Party twenty minutes of the programme time. This time will be taken up with speeches by Mr. Clearihue, Dr. Rayner and Mr. Drake. Oscar Bass will preside as chairman.

Dr. Rayner spoke over the radio last night. Friday night Mr. Drake will broadcast a short speech at 7.15 o'clock.

## BLAME IS PLACED ON LONDON TIMES

Daily Express Scores That Paper Regarding Canada's Lausanne Treaty Attitude

Says British Opinion Influenced Against Doing Justice to This Country

London, June 12 (Canadian Press Cable).—Responsibility for the failure of public opinion in the United Kingdom to do justice to Canada's attitude with regard to the Lausanne Treaty is placed by The London Daily Express on the London Times. The Express says the Times started a violent campaign last April against the bona fides of the Canadian Premier and quotes from The Times statements of a certain date which it says subsequent events disproved.

MILITARY LIMITATIONS  
"The Times," the Express continues, "is not yet satisfied with the part it has taken in setting the imperial heater afire. It falls back on accusing Canada of wishing to take advantage of the peace with Turkey while refusing to accept the responsibility."

(Concluded on page 2)

## PEACE AND KEEPING OF TREATY TERMS IDEALS OF JAPAN, SAYS SHIDEHARA

Tokyo, June 12.—In a statement issued upon the occasion of assumption of office by Japan's new Cabinet to-day, Tosen Kijuro Shidehara the incoming Foreign Minister, said: "With the change in administration I am called to assume the direction of foreign affairs I am encouraged by the thought that, following the path of peace, justice and honor, Japan faces the future without fear or misgiving."

"The world is being gradually awakened to a broader vision of international solidarity. The principle of 'live and let live' is gaining wider recognition. The days of aggression

## PLAN JULY CONFERENCE IN WINNIPEG TO SHAPE PLANS FOR PEACE RIVER RAILWAY

Representatives of the Federal Government, the British Columbia Government, the Alberta Government, the Canadian Pacific Railway and the Canadian National Railways will meet in Winnipeg in July, to decide definitely on a solution of the Peace River country's transportation problem.

Announcement that the Peace River conference, the result of Premier Oliver's vigorous representations to the Federal Government, will take place as soon as Parliament prorogues, was made in Ottawa to-day. The Federal Government's decision to hurry this important meeting will be conveyed officially to the Provincial Governments interested immediately. The exact date of the conference will be determined by prorogation, which is expected to take place some time in July. Winnipeg was fixed as the scene of the meeting because it is centrally located.

British Columbia is vitally interested in the results of the conference for two reasons. First, because it is expected to provide some means of bringing the products of the rich Peace River area to market, and secondly, because, if Premier Oliver is successful in his efforts, it will decide the future of the Pacific Great Eastern Railway.

OLIVER PROPOSES SUBSIDY  
The Premier will go to the conference with a definite scheme under which the Canadian Pacific Railway or the Canadian National Railways would extend the present Edmonton and Dunvegan Railway westward through British Columbia to link up with the P.G.E. at Prince George. To assist this project the Premier will propose a Federal subsidy and, on behalf of this Government, will agree to sponsor a Provincial subsidy as well, if this is required.

The Premier will offer to hand over the P.G.E. to the railway making the Peace River extension on generous terms. Mr. Oliver believes that the people of British Columbia would be prepared to go to any reasonable length to rid themselves of the burden of the Government-owned line.

TO FACE FACTS  
The Winnipeg conference, it was intimated officially in Ottawa to-day, will be called upon to face the real facts of the Peace River railway situation. Maps will be studied, data collected, reports of engineers reviewed and costs computed. With the transportation problems of the Hudson Bay railway may also come up for discussion, it is understood.

SEVEN-YEAR TERM  
Woodstock, Ont., June 12.—George Trach, an Australian living in St. Catharines, was sentenced yesterday to seven years' imprisonment after being convicted of complicity in the holdup and robbery of the Standard White Lime Company at Beachville, December 8 last, when two men stole \$2,400.

Chicago, June 12.—Preparations for the trial on August 4 of Nathan E. Leopold, Jr., and Richard Loeb, confessed kidnapers and slayers of Robert Franks, schoolboy, are being made by the prosecution and defence, with insanity expected to be the issue.

Between now and the trial a corps of alienists and psychiatrists, in charge of Dr. James Whitney Hall of Chicago, will examine the youths in their cells without the attendance of jail guards or prosecutors.

Defence attorneys declared to-day they had been given insufficient time to prepare for the trial. The prosecution continues to question witnesses relative to the mental status of the accused youths. Despite the protest of State's Attorney Crowe, who desired the trial fixed for July 15, the earliest possible date under the law, July 21 was set yesterday for arguing preliminary motions and the trial date fixed two weeks later. Both youths pleaded not guilty.

## Ships Held Back By Ice While Nome People Need Food

Nome, Alaska, June 12.—With the people of this city and district running short of food, the coast-guard cutter Bear and the steamship Victoria, coming after the Winter's collection, have been held fifteen miles from here three days by Bering Sea ice.

## Earth Shocks in Hawaii and Dust Rises From Volcano

Honolulu, June 12.—Two slight eruptions and three earthquakes made up the activities of the volcano Kilauea for the past twenty-four hours. One eruption was at noon yesterday and the other at 3 p.m. Dust continues to rise from the crater, the height of its ascent being estimated at half a mile.

## DOUMERGUE TO BE FRENCH PRESIDENT

Committee of the Majority Parties Asks Paul Painleve to Withdraw

Doumergue Refused to Drop Out of Race in Favor of Painleve

Paris, June 12.—Edouard Herriot, leader of the Radical Party and potential Premier, and Aristide Briand, another of the leaders of the Left coalition, to-day asked Paul Painleve, President of the Chamber of Deputies, to withdraw as a candidate for the presidency of France.

The action was taken after Gaston Doumergue, President of the Senate and the other possible candidate of the Left for the Elysee Palace, had told a committee sent to him by leaders of the coalition that he would not withdraw from the race, but would pledge himself in favor of a leading Republican candidate in the event of the presence of a reactionary candidate.

M. Painleve received 396 votes and M. Doumergue received 149 votes in the caucus of the parties of the Left held to-day to select a candidate for the presidency.

## Forty-Four Tried In Pennsylvania Following a Riot

Edenburg, Pa., June 12.—The state to-day rested its case in the trial of forty-four alleged members of the Ku Klux Klan and Lilly residents upon charges of riot and unlawful assemblage in connection with the fatal riot at Lilly, April 6, between visiting Klansmen and villagers.

## COMMITTEE OF COMMONS SAYS CHARGES AGAINST MURDOCK ARE DISPROVED

Ottawa, June 12 (Canadian Press).—By a vote of fourteen to eight, the Privileges and Elections Committee of the House shortly after one o'clock this afternoon, adopted a Liberal amendment finding that the charges against Hon. James Murdock, Minister of Labor, were "not only not proved, but entirely disproved."

The amendment was moved by W. M. German, Liberal Member for Welland, and followed a motion moved by E. Guss Porter, Conservative, West Hastings, Ont., that the charges against Mr. Murdock had been proved.

In the charge made by Mr. Porter in the House, Mr. Murdock was accused of having used information obtained as a Cabinet Minister in withdrawing \$4,050 from the Ottawa branch of the Home Bank two days before the failure of that institution.

## SAYS STATEMENT WITHOUT WEIGHT IS ABLE TO MEET ALL TRAFFIC NEEDS

Sir T. White Not Disturbed by Home Bank Commissioner's Report

No Investigation in 1916 Because Facts Concealed by Fraud

Toronto, June 12.—"A mere expression of his personal opinion, devoid of any judicial weight or value whatever," is the description given to-day by Sir Thomas White, former Minister of Finance, of the statement in the report of Mr. Justice McKeown, the commissioner who investigated the failure of the Home Bank, that the condition of the bank as revealed by representations made to the Minister of Finance in 1916 and 1918 were such as to justify an investigation under the powers conferred upon the Minister by Section 56A of the Bank Act.

Sir Thomas said the commissioner had no power or authority under the Inquiries Act to make any such finding. It was, moreover, an opinion formed eight years after the event, and with full knowledge as to the bank's condition as revealed by the investigations of the liquidators, but which in 1916 and 1918 was "concealed from the Minister by false and fraudulent statements received from the bank."

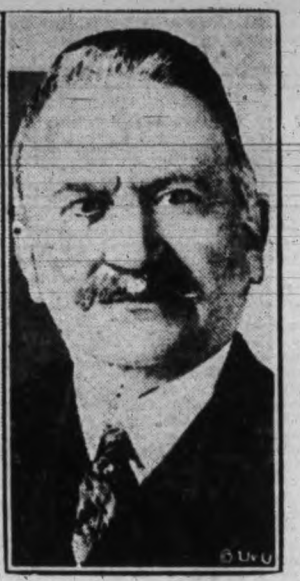

QUESTION FOR MINISTER  
"It is for the Minister and for him alone in the exercise of his honest

(Concluded on page 2)

Russians Purchase Large Quantity of Cotton in the U.S.

New York, June 12.—Russia has purchased between \$35,000,000 and \$40,000,000 worth of cotton in the United States since the first of the year, according to Alexander Gumbert, vice-president and treasurer of the All-Russian Textile Syndicate.

## SEEKING HIGHEST HONOR IN FRANCE; M. DOUMERGUE

FLASH OF LIGHTNING  
GAVE FIRE ALARM

Nelson, B.C., June 12.—The heavens rang in a fire alarm at Trail yesterday, a lightning flash setting off the siren. In twenty seconds the motor fire truck was in the street and the members of the volunteer brigade came running to their places. When all were aboard, it was found there was no place to go.

## VOTE OF CONVENTION IN CLEVELAND FOR COOLIDGE WAS ALMOST UNANIMOUS

1065 Republican Ballots For Him, 34 For Lafollette and 10 For Johnson Before Roll Call Half Completed; Candidate For Vice-Presidency of United States Being Chosen This Afternoon

Convention Hall, Cleveland, Ohio, June 12.—Riding a rumbling tide of party enthusiasm, Calvin Coolidge was swept into nomination for the Presidency of the United States to-day by one of the largest majorities ever given by a Republican National Convention. Before the first and only roll call was half completed the story of his victory had been told. The vote was Coolidge, 1065; Lafollette, 34; Johnson, 10.

The voices of the little group of Lafollette of Wisconsin and North Dakota which had stood through the convention in militant insurgency against the policies of the party leaders were swallowed up in the tremendous wave of acclamation that formally ratified the choice of Mr. Coolidge.

It is the plan to choose the President's running mate at another session this afternoon. Then the convention will adjourn and the party will go before the country.

Not in many years has a Republican convention come so near to unanimity in its selection of a nominee for the presidency. Placed in nomination by Dr. Marion Leroy Burton of Michigan, Mr. Coolidge's name threw the assembled delegates into another old-time demonstration and when the roll call began state after state took its place in the column of his supporters.

HEARD BY RADIO  
Washington, June 12.—President Coolidge, sitting before a radio receiving set in the White House to-day, heard the swelling chorus by which he was nominated in Cleveland to lead the Republican Party in the next campaign.

WASHINGTON, June 12.—Senators Borah arrived at the White House this morning and went into conference with President Coolidge. After the conference Senator Borah said his attitude toward the presidential nomination was unchanged.

Discussion between the President and Senator Borah was at considerable length. The Senator, however, declined to discuss any details whatever. "My position in respect to the nomination is irrevocable," Senator Borah said. "It has not changed and it will not change."

He announced a couple of days ago that he would not be a candidate.

## STRUGGLE BETWEEN ORDER AND MOB LAW

Railwaymen's Leader Condemns Strike Disorganizing London Electric Systems

Union Will Have no Dealings With Rebels, Charles Cramp Declares

London, June 12 (Canadian Press Cable).—A manifesto declaring he will have no dealings with such rebels in the union, and that the present position is a "fight between order and mob law," has been issued by Charles T. Cramp, secretary of the National Union of Railwaymen, whose authority has been flouted by the striking power station workers and railway shopmen, with the result that London's electric railway system is disorganized.

The public, while approving Mr. Cramp's sentiments, is inclined to ask why the trade union leaders have not made earlier efforts to assert their authority.

SEVERAL INSTANCES  
Mr. Cramp has declared that almost every large union has been infected by rebellious spirits such as now in the railwaymen's union and this was exemplified in the recent Southampton dock strike in connection with which there was warfare between the workers and employers, despite the fact that the unions concerned desired to remain at peace.

In this instance, however, certain unions acted promptly and two of them (Concluded on page 2)

## AUTOS IN U.S. KILLING AS MANY AS DIPHTHERIA AND SCARLET FEVER COMBINED

Chicago, June 12.—"The suicide rate in the United States is about the same as the whooping cough death-rate," declared J. Howard Beard of the Health Service of the University of Illinois at the American Medical Association convention to-day.

"About as many people were killed in autos at railroad crossings as died of scarlet fever in 1920. Fatalities resulting from auto accidents in 1923 were the same as those from diphtheria and scarlet fever combined. In some of the more sanitary cities, exhaust gas from autos produces more deaths than typhus bacilli."

Chinese Merchants' Bank Suspends; \$5,000,000 Capital

Shanghai, June 12.—The Chinese Merchants' Bank, capitalised at \$5,000,000, closed its offices here to-day. The suspension was said to have been on an order from the head office of the bank at Hongkong.

The bank has a branch office in New York.

## \$1,000,000 Loss In Illinois To-day Result of Tornado

Galesburg, Ill., June 12.—Loss estimated at \$1,000,000 was caused by a tornado and hailstorm that swept over this section to-day. Reports from the country are that considerable livestock was killed.

### Two Negroes in Ohio Drowned in Flood; Money Loss

Columbus, Ohio, June 12.—Two negroes are known to have been drowned in flood waters resulting from a heavy rainstorm which swept over sections of Northeastern Ohio on Tuesday night. The property damage, it was estimated, amounted to well over \$1,000,000.

The greatest damage was reported at Mansfield and Akron.

### Thanks For Your Help

B.C. Products Week was a huge success due, of course, to the co-operation of those who entered into the spirit and demanded British Columbia made products. These manufacturers, which give satisfaction, will feel the good effects of last week for many years.

As packers of Pacific Milk, we are grateful for your assistance, and hope our milk proves to your liking.

### KIWANIANS WILL MEET IN DENVER

Canadian-United States Convention Will be Held From June 16 to 19

Simultaneous Meetings of All Clubs on the Opening Date

Denver, Col., June 12.—The eighth annual convention of the Kiwanis Club International, which includes over 1,250 clubs in that many cities of the United States and Canada, and a membership of over 89,000, will be held in Denver June 16 to 19.

Over 6,000 official delegates and members representing all sections of the two countries will attend the convention.

The work of the convention will be discussed and action taken on ways and means to carry out the following four major subjects: (1) The emphasis and intensification of service on behalf of underprivileged children. (2) The development of better relations between the farmer and the city man. (3) The aggressive development of a co-operative spirit towards the chambers of commerce and the co-ordination of activities. (4) The fostering of a fuller realization of the responsibilities of patriotic citizenship.

**COMMITTEE REPORTS**  
Reports from the various international committees will deal with the various phases of these subjects and will include action on the recommendations that the Kiwanis Club International favor tax reduction programmes in municipal, provincial and state and federal government, favor the reduction in money costs of government and in the number of persons employed. The report of the Canadian section of the international committee on public affairs will deal with the recommendation for an annual observance of a Canadian citizenship week and a recommendation that the Kiwanis clubs of Canada favor universal peace as a policy. The general public affairs report to be presented will call for greater augmentation of moral and spiritual thought in community life.

The general report will further recommend that the international organization be represented at the National Motion Picture Conference and at the World Conference for the Suppression of the Narcotic Evil. The report will call the attention of the convention to the approval given to the bill now pending in the United States Congress calling for the segregation of the sexes in federal prisons and will outline the relief given to Japan through the Red Cross in response to the call of President Coolidge.

**CANADIAN IMMIGRATION**  
The Canadian report will discuss Canadian immigration, particularly that part of it dealing with the plan of the British Government to send for several thousand British boys between the ages of fourteen and eighteen to arrive under agreement of engagement by farmers. The Canadian Pacific Railway has donated a hotel and the Montreal Kiwanis Club has equipped and furnished it to the care of these boys.

The Canadian report will further deal with the fact that there has been no authoritative treatise on the origin, source and nature of rights of Canadian citizenship. In this connection, a treatise was prepared by the dean of the faculty of arts of the McGill University, an authority on international law, dealing with these problems and with the relations between Canada and Great Britain in all Government departments, which treatise was published by the Montreal Kiwanis Club, which owns the copyright.

Another report that will be presented will be that on service to the

underprivileged child, which work is an outstanding feature of the service of all Kiwanis Clubs.

Features of the convention will include what is known as "All-Kiwanis Night" when all of the clubs in Canada and the United States will meet simultaneously at the same hour at the opening session of the convention at Denver on the evening of June 16. All clubs of the continent will arrange their meetings in accord with the difference in time. A particular feature of this special meeting will be the "zero hour," a fifteen-minute period when all the clubs will observe exactly the same programme, consisting of a fellowship moment of silence, a message from the international president, and fellowship and patriotic songs. This is the first time in the history of Kiwanis or any other similar organization that has been attempted in these countries and much interest will be attached to the meeting because it will demonstrate the nations' significance of the possibilities of such unified action by a voluntary service organization.

A number of radio stations throughout the country will broadcast special programmes on that night.

**AWARDING OF PRIZES**  
There will be the awarding of prizes to the winners of the annual attendance contest, which was held by all clubs this Spring, and an impressive program entitled "The Spirit of the West," which will show the progress from early pioneer days to the present.

An address will be made by Fred R. Marvin, assistant editor of The New York Commercial, who will speak on "That Thing Called Bolshevism." Carl J. Baer, manager of the Development Service Bureau of the St. Louis Chamber of Commerce, will speak on the "Interdependence of Town and Country," and Hon. R. J. Manion, M.P., of Fort William, Ontario, will speak on "The True Values of Life."

Two nationally prominent community song leaders, Jules Brazil of Toronto and Peter W. Dykema of the University of Wisconsin, at Madison, will lead the singing by the entire assembly in the large municipal auditorium.

The officers of the Kiwanis Club International are: President, Edmund F. Arras, Columbus, Ohio; immediate past president, George H. Ross, Toronto; first vice-president, Henry C. Heinz, Atlanta, Georgia; second vice-president, Douglas J. Scott, Winnipeg; third vice-president, George E. Snell, Billings, Montana; secretary, Fred C. W. Parker, Chicago; treasurer, Russell E. Ward, Jackson, Michigan; chairman of districts, governors, Lewis Mitchell, Buffalo, New York.

### Nova Scotian Was Discharged by Judge But Was Scored

Digby, N.S., June 12.—William Lent, sixty-three, of River, charged with detaining against her will Bertha Potter, an almshouse girl, who lived nearly nine years with Lent from the time she was fourteen years old and spent the last five years in the house without ever once leaving it, her whereabouts being known to no person but Lent, was discharged yesterday by Judge Ritchie, a technicality of the law giving him complete immunity.

"Your conduct has been outrageous," said Judge Ritchie in discharging the prisoner. "Fortunately for you the lapse of years has made you immune from punishment. You ought to be ashamed of yourself until the last day you live and all decent people should ignore you. Now you can go."

Bertha Potter told the court she always had a key to the house and could have left it if she wished, but she "had no clothes and no place to go."

### EMPIRE TRADE IS SPEAKERS' SUBJECT

Position of Preference Plan Disappoints Dominions' Agents in London

London, June 12 (Canadian Press Cable).—After dinner outpouring of the High Commissioners of the Dominions in London other than the Canadian High Commissioner, Hon. P. C. Larkin, who rarely expresses opinions on political matters in public just now, almost invariably are concerned with the imperial preference question and disappointment is being expressed by the High Commissioners at the attitude of the British Government toward the Imperial Economic Conference resolutions. "If the Dominions fail to get the treatment to which they are entitled there are plenty of other countries ready to give them," Sir E. Wain, South African High Commissioner, asserted when speaking at a dinner.

Sir Joseph Cook, Australian High Commissioner, at the same function, expressed the opinion that preference was in the air, and he hoped it would come out in the rather thick atmosphere and Great Britain would cease putting the Dominions on an equality with foreign competitors.

Sir James Allen, High Commissioner for New Zealand, speaking at Wembley, expressed a similar note of disappointment.

### AT CONFERENCES

In reference to Canada in connection with the Lausanne Treaty correspondence, Sir James asked why the Imperial Conferences failed to achieve as much good as some people expected. Sir James took somewhat similar ground to that recently taken by Colonel Secretary Thomas, that the Dominions should be represented at the Imperial Conference by the whole public opinion of the Dominions, as they were in war-time, not merely by members of Governments that might have short lives.

### OPPOSING CATTLE TRADE RESTRICTIONS

British Co-operative Union Wants Canadian Animals Admitted Freely

London, June 12 (Canadian Press Cable).—A resolution urging the Government to admit Canadian cattle to Great Britain on the same conditions as Irish cattle are admitted was passed by the Co-operative Union, at its annual meeting here, that only 28,000 cattle were shipped from Canada to Great Britain last year as a result of restrictions.

A. V. Alexander, Parliamentary Secretary of the Board of Trade, who attended the meeting, admitted the Board of Trade was dissatisfied with the present regulations, but after the Canadian cattle embargo, which had lasted thirty years, it was impossible, he said, to return at once to the conditions under which cattle from the Dominion were previously admitted to this country.

### New Saskatchewan Wheat Pool Starts

Regina, June 12.—Reports received from various parts of the province indicate that the sign-up on Tuesday was sufficient to put the Saskatchewan Wheat Pool over the top, according to George W. Robertson, director of the Saskatchewan Co-operative Wheat Producers, Ltd.

### Moose Convention In City of Portland

Portland, Or., June 12.—The annual convention of the Pacific Northwest Moose Association opened here today with delegates present from lodges of the order in California, Washington, Idaho, Oregon and British Columbia.

The Women of Mooseheart are meeting in connection with the convention of the Northwest Association.

Delegates will participate in the activities of the Rose Festival which is being held here this week.

### MAN DROWNED WHILE TRYING TO RESCUE A CHILD

Owen Sound, Ont., June 11.—A young, returned soldier who was drowned here last evening in an effort to save the life of Colin Moore has been identified as Innis G. Smith, twenty-four, of Broadview, Sask.

### MEDICAL MEN TO MEET IN ONTARIO

Canadian and Ontario Associations to Hold Conventions Next Week

Ottawa, June 12 (Canadian Press).—Canada's medical men will come from all parts of the Dominion to take part in the fifty-fifth annual meeting of the Canadian Medical Association, to be held here from June 17 to 20. The Ontario Medical Association will hold its annual meeting jointly with the Dominion association.

Since the first meeting of the Canadian Medical Association in 1889 it has, together with the Dominion itself, made remarkable progress, and close to a thousand doctors will gather here. A special train will bring the large delegation from Toronto.

Dr. J. Franklin Kidd of this city will preside over the Canadian association, and Dr. J. F. Foster, also of Ottawa, will preside over the meetings of the Ontario Association. Perhaps the feature of the gathering will be the address by Dr. John Stewart of Halifax, N.S., who will deliver the first Listerian lecture in Canada, in commemoration of the

discovery of antiseptic surgery by Lord Lister. Particular interest is attached to Dr. Stewart's lecture, as he was an intern in England under the famous Dr. Lister.

Not only Canadian medical men will take part in the proceedings. Prominent doctors from Great Britain and the United States will give addresses. Sir John Thompson, Walker of St. Peter's Hospital, London; Dr. John Parkinson of the National Heart Hospital, London; and Dr. Lyle Cummings of Cardiff, Wales, are crossing the Atlantic to address the Canadian doctors. The British Medical Association will send as its representatives to the convention Sir Jenner Verrall, past president of the British association, and Dr. A. Cox, present medical secretary of the association.

From the United States will come Dr. Chevalier Jackson of Philadelphia, Dr. J. C. Poole, Dr. J. Garfield Dwyer, Dr. McKelvey, Bell of New York City, and Dr. E. P. Joslin of Boston.

## Entice your Appetite

—with a delicious whole grain food.

Try a bowl of Puffed Grains and milk tomorrow morning. You'll be astonished how luring a breakfast cereal can be—and yet how nutritious.

Puffed Grains are whole grains, rich in essential food elements and minerals—milk supplies vitamins.

But each grain is a crisp, toasted morsel with a nut-like flavour which no appetite can resist.

Puffed Grains are served at most restaurants, lunch counters and hotels, and in dining cars. Ask for them.

Quaker Puffed Wheat and Quaker Puffed Rice are whole grains puffed to eight times normal size by steam explosion. Every food cell broken to make digestion easy. Every grain made delicious to eat.

An ideal bed-time dish which induces restful sleep.

## THE HOME BANK REPORT

IF an effective audit of the affairs of the Home Bank had been conducted in 1916 or 1918 either liquidation or an amalgamation with another bank would have followed, and the present depositors would have suffered no loss. Representations made to Sir Thomas White, Minister of Finance at that time, were sufficient to call for such an investigation.

This is the crux of the report of the Commissioner who has been inquiring into the failure of the institution whose collapse has left a train of ruin, political scandal and death behind it. The report is, moreover, a most unpleasant recital of crooked manipulation and concealment on the part of some of the officials of the bank, of false returns and reckless disregard of the elementary principles of sound banking, as well as of the interests of the shareholders and depositors.

The findings of the Commissioner show an extraordinary lack of knowledge on the part of the Minister of Finance of what was going on in the Home Bank, at least up to the time representations concerning the condition of the institution were made to him. It discloses by implication the complete inadequacy of the law governing the operation of banks as it then existed. If there had been even ordinarily close governmental supervision of banks, the activities which ruined the Home Bank would have been detected in their early stages and the institution would have been saved. Since then amendments have been made to the Act which insure more thorough inspection, but we shall be greatly surprised if the report of the Commissioner on the Home Bank is not followed by a demand in Parliament for such regulations as will entirely protect the public interest.

## THE TRUTH WILL OUT

EVEN with his somewhat abbreviated experience of the political life of this country, Dr. Talmie ought to make sure of his ground when he assumes an authority on purely provincial matters.

The Federal member for Victoria—whose interests, of course, he should be assiduously safeguarding at the national capital—told an audience the other day that all the settlers who took up land in the Land Settlement Board's area at Fernie had virtually fled in despair.

Dr. Talmie is quite wrong. This area is one of the smallest, but one of the most successful within the jurisdiction of the Board. Every acre of it has been disposed of and there are nineteen settlers still there making their payments to the provincial treasury on time.

Of this number at Fernie eight are returned soldiers. Being a farmer himself, Dr. Talmie should be able to judge if making payments on land when they fall due is, or is not, synonymous with comparative success.

Of course the Federal member for Victoria could have obtained this information from public records at the Parliament Buildings. A telephone call would have headed him off "down the straight."

## SOME PEOPLE HAVE QUEER NOTIONS

WE are informed in an Election Special of The Searchlight that the Provincial Party has the only definite platform dealing with the problems of the Province.

This claim becomes extremely interesting as one studies the details of the document of which General McRae and his colleagues seem to be so proud.

For instance, under the heading of "Agricultural" the Provincial Party, if, and of course, it is a large if, elected, would undertake to adopt an active, comprehensive and intelligent colonization policy, limiting settlement to land classified as agricultural, and located within reasonable distance of lines of transportation.

There is a pleasant sound to this third party promise; but how does General McRae propose to translate it "with a view to reducing taxes."

Let him confine settlement to land properly classified as agricultural by all means. There is plenty of it in British Columbia. If only half of it were populated nobody would be losing sleep over P.G.E. balance sheets. But does he imagine that this Province will get anywhere by adopting a settlement policy which is to take into account only those people who can bring enough money to buy land already laid out in kitchen garden style within the sound of a locomotive? What else does this plank mean?

If General McRae's Party is successful at the polls and remains in the mood to reduce taxation, it will discover that the shortest route towards that objective will lie in the direction of the open door to white and healthy people who are ready to emulate the pioneers with "all modern conveniences."

This is the policy Mr. Pattullo has advocated for years. It is the policy which gave Canada her prosperous development between 1909 and 1914.

## MR. POOLEY MUST THINK MET-CHOSIN IS IN THE WILDS

IS it true that Mr. R. H. Pooley told an audience at Metchosis that he regarded the Sumas Reclamation Scheme as a loss of \$3,000,000?

If he made the statement how can he justify it?

In the first place, the total expenditure on the project to date is less than \$3,000,000—it has just exceeded \$2,800,000.

In the second place, does he know that 30,000 acres of the most fertile land in the Province already have been reclaimed and are now no longer in danger of being flooded by the waters of the Fraser?

Does Mr. Pooley know, or has he conveniently forgotten, that nearly 7,000 acres of the reclaimed land produced one hundred bushels of oats to the acre last year?

When will Mr. Pooley spend a little time and produce an argument with "meat" in it?

## THE LATE MRS. SAYWARD

VICTORIANS will miss the kindly benefactions and sympathetic aid which the late Mrs. J. A. Sayward so ungrudgingly contributed to all good works in this neighborhood. Her death in London, just when the best medical skill in the Old Land had given some promise that at least she might once more see the home she loved so well, will grieve many who knew her sterling worth.

The Times extends its warm condolences to the sorrowing widower and daughter who are left to mourn a loss which is irreparable.

## WIELDING THE MAGIC WAND?

JUST what does the Provincial Party mean when it says that if it should be elected to office—an extremely unlikely contingency—it would administer the liquor law of the Province "primarily not for profit, but for the promotion of sobriety?"

The average individual will naturally ask how the thing is going to be done. If the Provincial Party proposes to eschew profits it would seem to follow that the price of Government liquors would be considerably reduced. Does General McRae really believe that cheaper liquor would insure the "promotion of sobriety?"

Of course this particular plank in the Provincial Party's platform may be nailed on to something altogether new and novel in legislative promise that will take all the wind out of the sails of the "unimaginative voter."

After checking over the various slates in Vancouver one wonders where Mr. Bowser is going to nose in.

Fashionable young women in London are now taking snuff and it is being heralded as the newest Society fad. Gone seem to be the days of the "old shoe" and the "box" in all "respectable" newspaper offices.

When the trial commences on August 4 a corps of alienists and psychiatrists will have examined Leopold and Loeb "without the attendance of jail guards or prosecutors." And the poor man will rub his eyes and wonder how much longer the bridge between law and justice is going to be made.

At last Trades Unionism and Communism in Britain are out in the open. The strike on the "underground" has produced a strong statement from Charlie Cramp, secretary of the National Union of Railwaymen, who says that the present is a "fight between order and mob law." "This is just what his predecessor, Right Hon. J. H. Thomas, would have said.

The Morning Post—now the Duke of Northumberland's "organ"—says that in different parts of the Empire statements are complaining more or less about the present constitution of the British Empire. One of these days the Duke's friends will get rash and make a tour of the Empire and learn a little more than geography.

THE KANSAS WOMAN'S INDEPENDENCE  
From The Kansas City Star  
The Kansas woman has that glorious feeling of not having to beg any man for money—as long as her hens lay.

## LOOKING AHEAD!

From The Corporation News  
The Town Council has decided to plant trees on both sides of Windsor Avenue from the centre of Queen's Street to the hospital in 1925, as a start towards beautifying Coronation.

## THE MUSIC OF THE SPHERES

From Sir Thomas Browne's "Religio Medici"  
There is music in the beauty and in the silent note which Cupid strikes, far sweeter than the sound of an instrument; for there is music wherever there is harmony, order, or proportion; and thus far we may maintain the music of the spheres.

## OLD BOYS AND NEW ONES

From The Veritable Observer  
The tendency of the adult through all time has been to believe the rising generation to be worse than the generation immediately preceding it. Boys and girls are much the same to-day as twenty-five years ago or 2,500 years ago, and, no doubt, just as good.

## A SCHEME THAT WORKS

From The Toronto Mail and Empire  
The Soldier Settlement scheme has been justified by its fruits. It has afforded returned men a means to re-establish themselves in civilian life after their periods of military service. It has brought about the occupation and cultivation of land and added to the volume of production in the country. The results of the scheme testify to the wisdom of those who devised it and to the industry of those who took advantage of it.

## LOSING A SLAVE GIRL

From The Chinese Students Monthly  
Around my garden the little girls are seldom checked. In the hall's lodge the little girls are seldom checked. I am ashamed to think we were not always kind; regret my laziness that will never be repaid. The wind-tossed flower does not cling to the tree. Where to-night she lies none can give us news; Nor any knows, save the bright watching moon.  
—C. I. P. (A.D. 829).

## Dr. Frank Crane on

## "May Day"

(Copyright)

ONCE a year it is the custom to set aside one day as Memorial Day.

This was originally to keep the memory green of those who had died in the common way. The day has expanded its purpose, however, and has come to include those who have died from any cause.

It is of human nature to die. No man can escape the penalty of the common lot; as Victor Hugo says in his tremendous way: "Nous sommes tous condamnés." We are all sentenced to death and awaiting the executioner.

That nation has advanced far in civilization that respects the works and achievements of its ancestors. The progress of any people may be known by the character of its tombs. We are all living upon dead men's shoulders. The discovery of the sewing machine, the electric telegraph and other wonders is due to men now dead.

We are standing upon the shoulders of preceding generations.

Confucius said that the beginning of knowledge is to acquaint one's self with what has gone before. A little study of history would help many a man who thinks he has discovered some new truth. It would do him no harm and his fellows less, to know that a thousand years before he was born others had enunciated his idea and tried to carry it out.

The past is a great sea of wisdom from which we may all draw. We do not have to go as far as the Chinese, and set up ancestor worship, but it is easy to fall into the equal error of despising our predecessors.

To those who have gone before us it is but right that we should give their names. Their wisdom and their experience may be of benefit to us. But we should live for the future.

Americans are accused of overvaluing their progeny and neglecting their ancestors. There is such a thing as living for those who are to come, at the same time not neglecting those who have preceded us.

Therefore the tulip and the rose may well blush to-day over the dead, while out of their mould comes the lily and the hyacinth for those who are still to come.

## THE FEZ GOES IN TURKEY—GOLF CAP MAY TAKE ITS PLACE

From The Manchester Guardian

If subjects of the old Ottoman Empire have retained anything of their celebrated instinct for reaction there must be many "a malignant and a turbid Turk" who becomes a little more malignant than ever when he contemplates the business of ruling the remains of his country from Angora. The final outcome of all wars is unpredictable, but the sequence of events in Turkey must seem curious to the extreme in the sound of the Prophet. Turkey lost the war, and in 1918 lay at the disposal of the victors; she then "won the peace" equally decisively; and now seems to be going through an experience which, from a conservative standpoint, will probably by many Turks be regarded as losing the reconstruction period more handsomely than ever. No Western conqueror could possibly have set about the ruthless interference with Turkish customs with the enthusiasm displayed by the legislators of Angora. They move the seat of government, they expel the Khalif, they close theological schools, ordered magistrates to wear gowns and some have voted for women's suffrage. And now they are to legalize, now we are told that there is a movement against the fez, which has been the characteristic headgear of the orthodox Turk for centuries. No one, we are now to understand, must be compelled to wear the ancient garment which apparently takes its name from the town in Morocco where it was once manufactured on a large scale. Henceforward the good Turk seems to be at liberty to wear what he likes on his head, from top-hats to golf caps. Whether the good Turk will consent to be Westernized at this rate is perhaps a little uncertain.

## OLDEST ENGLISH BANK TO MERGE

From The New York Times

Child and Company, the oldest private bank in England and perhaps in the world, is to be absorbed by Glyn, Mills and Company in accordance with the will of the eighth Earl of Jersey, senior partner, who died December 31. Child's Bank, which was founded about the year 1560, has occupied the site of its present offices in Fleet Street, London, ever since, and is full of historic associations. Oliver Cromwell, Samuel Pepys, Horace Walpole, the poet Dryden, Charles II, and Nell Gwyn were among the many notables who had accounts at the bank, which is identical with "Tellson's" in Dickens' "Tale of Two Cities." The connection with the bank of the Earl of Jersey can be traced to two romantic elopements. The tenth Earl of Westmoreland, who died in 1841, ran away with the daughter of the banker Child, the couple being married at Gretna Green. Their daughter similarly eloped with the young Earl of Jersey, and the Jersey family since have been partners in the banking business. The latest balance sheet of Child and Company showed deposits of £3,000,000. Combined with Glyn's, they will exceed £30,000,000.

## ANOTHER BENEFACTOR

From The Hamilton Herald

Dean Swift said that man who succeeded in making two blades of grass grow where only one had grown before is a benefactor of the human race. It is to what an inestimable debt mankind owes to men like Dr. Saunders of the Dominion Agricultural Department, and Dr. Zavitz of the Ontario Agricultural College!

Dr. Saunders' achievement in producing a new variety of wheat, the Marquis, which is better suited to the climate of North America than any other, and more capable of resisting the various enemies which attack the growing grain, has added countless millions to the value of the wheat production of this continent.

And Dr. Zavitz has accomplished something which may prove hardly less valuable. At the college farm he has developed a new variety of oats, the O.A.C. 72. He set himself the problem of developing a variety of oats which would ripen rapidly in the climate of Ontario and produce an increased quantity of grain to the acre. By patient research and experiment he solved the problem, and his new variety of oats is acknowledged to be superior to all others.

## WHY THE TELEPHONE RATES GO UP.

"I called you up to know if you understood about Sunday, the 28th, for lunch?"  
"Yes."  
"It's at 1.30."  
"Yes."  
"I wanted to make sure you understood."  
"I did."  
"I thought maybe you weren't sure. It's Sunday—not this Sunday—Sunday, the 28th—May 25th—I know, because Elsie's birthday is the 24th and that's Saturday—May 25th—1.30. Daylight savings time, of course. Daylight saving, I mean. I always do daylight savings. You'll be on time, won't you?"  
"Yes."  
"That's Sunday, the 28th. I wanted to be sure you understood.—P. P. A."

At the present Summer prices on

## Kirk's Wellington

you cannot afford to put up with mill wood, if your time is worth anything at all. Mill wood has to be stacked practically all Summer long to dry, and even when dry the salt in the wood is very harmful to your stoves and hot air furnaces, burning the lining out of them in a very short time.

Coal is your cheapest fuel. It does not depreciate in storage. Lay in your winter's supply now, but be sure it's

The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## A GOOD SUGGESTION

To the Editor:—If the farmers are so hard put to it to obtain berry pickers, why don't they—especially those who are anything like close in adopting the same system as the Eastern fruitgrowers, that is, to come in with their cars in the morning and take the pickers out to the farm, returning them to the city again in the afternoon. I am sure there are lots of married women who would only be too glad to pick fruit provided they were conveyed to and from the job.

Easter Road, Saanich.

## THE PORT MANN CASE

To the Editor:—May I be permitted to space in your columns to have the attached letter to Hon. John Oliver published? Thanking you in anticipation of the privilege being granted.

RICHARD H. D. CLOWES.  
R.M.D. 1, Sidney, V.I., B.C., June 2, 1924.

Provincial Party Committee Rooms, R.M.D. 1, Sidney, V.I., B.C., June 2, 1924.

To the Hon. John Oliver, Victoria, B.C., Sir:

As one of the audience at Sidney, where you gave an address on Saturday, 7th inst., may I be permitted to compliment you on your ability to frame up a plausible yarn regarding General McRae's connection with Port Mann Township?

We now have to hand in this office a pamphlet issued by Provincial Party Headquarters entitled, "The Truth about Port Mann." And now realize how you picked out certain passages and deliberately manipulated them to suit your own ends, those ends being to blacken the private character of your political opponent.

You omitted to state, Mr. Oliver: (1) That General McRae took over Township in his own name, for no cash consideration, for the perfectly reasonable and honorable purpose of preventing untimely and undue inflation of prices, which inflation would have occurred had it been known by the general public who the true owners were.

(2) That General McRae being doubtful of the ability of the builders to carry out their intentions of constructing a box car plant to employ two or three thousand men, made a special trip to Toronto and received the assurance from those interested in the scheme that the proposed sale would not take place until the railway was completed.

(3) That due to Port Mann being put on the market during General McRae's absence in California, notwithstanding assurance mentioned in (2), he forthwith retired from a partnership of over fifteen years' standing.

(4) That during the period in which the sale took place, General McRae, when asked for advice, repeatedly stated that he considered the sale premature.

(5) That he was "at odds" with his former firm over the matter and that he can bring forward reputable witnesses to vouch for his attitude at that time.

(6) That the lands at Port Mann referred to by you as still standing

PREPARE FOR PICNIC  
Cumberland, June 11—At a mass meeting on Sunday morning of the employees of the Canadian Collieries (Dunsmuir), Ltd., in the lecture hall of the Cumberland Literary and Athletic Association, arrangements were made to hold the employees' seventh annual picnic on Saturday July 19. This is one of the greatest events of the year for the employees and their families to get together for a day's picnic and enjoy an outing of sports and beach-bathing. The event has always taken place at the Royston Beach, where there is ample room and accommodation for the sports and over a mile of open beach, including many shady and cosy nooks for the families to spread their lunches. Special trains are run from Cumberland and Union Bay picking up all the employees from the different towns between the two points, meeting at Royston.

## GARDEN FETE IS PLANNED ON FRIDAY

Special to The Times  
Duncan, June 11.—The monthly meeting of the Cowichan Women's Institute took the form of a delightful garden party held at Mrs. F. S. Leather's pretty home, Quamichan Lake, on Tuesday afternoon.  
The usual routine business was first transacted and final arrangements made for the Grand All-Nations Fete which the institute is planning to hold on election day, June 20, and a flannel dance in the evening.  
A delicious tea was served and tennis and clock golf were indulged in.

## POLITICAL FEELING RISE IN WOMEN'S CLUB FEDERATION

### Republicans Accused of "Steam Roller" Tactics at Club Sessions

Los Angeles, June 11.—The names of two prominent candidates were steam rolled off the list for election at the biennial convention of the General Federation of Women's Clubs when the nominating committee presented its suggestions yesterday. They were Mrs. W. S. Jennings, wife of former Governor Jennings of Florida, for president, and Mrs. John Ruhl of West Virginia for second vice-president.  
Both were nominated from the floor by their adherents, but Mrs. Jennings issued a statement formally withdrawing her candidacy. Mrs. Ruhl will run in the elections to-day, but the circumstances have little chance of election.  
The powerful nominating committee approved the candidacies of the following: For president, Mrs. John D. Sherman, Eastern Park, Colo.; Mrs. Wallace Perham, Glendive, Mont.; Mrs. Florence C. Moore, Cleburne, Texas, for treasurer. Mrs. Sherman is favored to win over Mrs. Perham.  
The friends of Mrs. Jennings were outspoken in resentment of the way in which her campaign was nipped. They asserted that the control of the convention at present rests with leaders who are Republicans in their sympathies, and said that political partisanship did not wish a Democratic woman at the helm of an organization of millions of women during a presidential year. They asserted that Mrs. Jennings had been given bad breaks in all her appearances before the convention, while things had been smoothed for Mrs. Sherman.  
One of the most popular actions of the convention was the adoption of the resolution introduced by Mrs. Edward F. White, Deputy Attorney-General of Indiana, which lined up the convention in a blanket endorsement of the dry cause. This resolution was telegraphed to the Republican convention, and the women will have spokesmen bring it before the resolutions committee at the Democratic and Independent national conventions in identical language.  
A host of resolutions presented yesterday sought action on the following lines: Hospitals for sick and disabled women of the "32,000 American women soldiers in the World War" at San Fernando, California.

## Boxes For Grand Naval Gymkhana Selling Rapidly

Indicative of the interest which is being shown in the grand naval and military gymkhana to be staged at the Willows on June 26 and 27 is the big demand for box seats for the occasion, many hostesses planning box parties for the affair. The sale of boxes is in charge of Mrs. E. E. Under the auspices of the Municipal Chapter, I.O.D.E., the Orders War Memorial Fund being the beneficiary cause.

## PUBLIC STENOGRAPHERS TO PUBLISH JOURNAL

A well attended meeting of the Victoria and Island Stenographers' Association was held on Tuesday evening at the offices of the Stenographic Service, 415 Pemberton Building, Miss M. Unwin, the president, being in the chair.  
Business discussed included the forthcoming visit of the British fleet and it was decided that as the association was unable to assist the committee handling this affair in the way of a subscription, that they would give whatever assistance they could by reducing rates for work done in connection therewith.  
After the above meeting had adjourned an informal meeting of the Victoria members of the International Association of Public Stenographers was held, Miss Bowron, the first vice-president, taking the chair. The meeting was called primarily to discuss details in connection with the publication of The Public Stenographer, a magazine devoted solely to the interests of the profession from which it derives its name.  
The first number of this paper was published in Seattle at the beginning of this year, and the second has only just recently appeared, having been produced by the stenographers in Los Angeles and district. The third number, which it is hoped will be ready in September, is to be produced by the members of the association who have their home in British Columbia, Victoria being honored as having been chosen as the place of publication. The fourth and last number for the year will probably come out in New Orleans.  
It was decided that letters would be sent out asking for contributions to the magazine, and also for papers to be read at the meeting of the International Association, which will be held in Victoria about the middle of August. It was also decided that papers and contributions be sent in not later than August 1 to Miss Bowron, editor-in-chief, so that she could hand same over to H. H. Hollins, the publisher.  
The chairman of the membership organization committee for Canada of the International Association, Duncan McLauren, room 8, Campbell Building, will be glad to hear from any public stenographer in this city or elsewhere, with a view to their becoming members, either of the local or of the International Association.

## WOMAN'S DOMAIN SOCIAL AND PERSONAL

A. H. Woolley of Salt Lake City is visiting Victoria.  
Mr. E. L. McCredie of Los Angeles, has arrived at the Empress Hotel.  
Mrs. F. Dow of Fresno, California, arrived in Victoria yesterday.

Mr. and Mrs. S. J. Halsan of Victoria are spending a holiday in Astoria.  
Commander and Mrs. Goring of Vancouver are registered at the Empress Hotel.  
Mr. W. P. Goodwin of Melbourne, Australia, arrived at the Empress Hotel yesterday.  
Mr. C. R. Wilson is among the visitors from Duncan spending a few days in Victoria.  
Her Excellency Lady Byng will sail on St. Montclair from England for Canada on July 4.  
Major and Mrs. D. B. Martyn are receiving congratulations on the birth of a son yesterday.  
Mrs. Mark Rose and her infant son of Vancouver are visiting Mrs. Gordon Leckie here for a few days.  
Mr. C. E. Johnson and Mr. Wilfred Crowell of Sacramento are among the California visitors in Victoria.  
Dr. C. A. Harding has returned to Victoria after a short stay with Mr. and Mrs. J. L. Hefferman in Vancouver.  
The Lieutenant-Governor and Mrs. Nichol, with Miss Marjorie Nichol, are spending a few days in Vancouver.  
Mrs. Francis Hartley has returned to her home at Oak Bay after visiting Mrs. A. D. McRae, Shaughnessy Heights, Vancouver.  
Mrs. A. E. Tulk arrived in the city from Vancouver to-day and will be the guest of Mrs. Harry Bullen, St. Charles Street, for a few days.  
Miss Lillian Michaels entertained with four tables of bridge at her home on McClure Street on Tuesday evening in honor of Miss Helen Clay.  
Mr. and Mrs. Baker of Milne's Landing are spending a few days in Victoria and are guests at the Balmoral Hotel.  
Mr. and Mrs. H. D. Pottinger of Los Angeles, Cal., are receiving congratulations on the birth of a son, daughter, June 8, at 2615 Blanchard Avenue.  
Mr. and Mrs. Cornelius Vanderbilt Jr. are expected in the city next week from San Francisco en route for their summer home at Sproat Lake.  
Major Gavin Davis of Vancouver is among the out-of-town visitors who have arrived for the marriage of Mr. Cyril Vibert and Miss Dorothy Stuart Robertson.  
Mrs. Nathaniel Shaw returned to the city yesterday from Vancouver where she has been the guest of Mrs. W. H. Merritt, Shaughnessy Heights, for a few days.  
Mr. Ross Wilson reached the city to-day to spend the summer months with his parents, Mr. and Mrs. H. G. Wilson, St. Charles Street, after completing his studies at McGill University.  
Mr. and Mrs. H. Webster, 52 Moss Street, announced the engagement of their niece, Edna Ruth Sparling, to Mr. Walter H. Robertson of Portland, Oregon. The marriage will take place in Portland Tuesday, June 17.  
Mrs. Gordon Ratcliffe, Red Diploma Guide, who accompanied Miss Joyce Walton from Toronto to Victoria, left on Tuesday night for the mainland en route for the Okanagan where she will conduct training classes for Girl Guides.  
Mr. and Mrs. Graham Simpson and family of Hamilton, Ont., are the guests of Mr. and Mrs. Robert Simpson, Craigflower Road. Mr. Simpson has just returned to the East, but Mrs. Simpson and children will remain until end of June.  
Mr. and Mrs. W. S. Fraser and the Misses Kathleen and Florence Fraser are leaving on Saturday by motor for Union Bay to visit Mr. and Mrs. Fraser for a few days. Before returning to Victoria they will motor as far as Campbell River.  
Mr. Tom Lammpan, son of Judge and Mrs. Lammpan, who has completed his four years' course at the Royal Military College, Kingston, is leaving on June 26 for England, where he will spend the summer months. Mr. Lammpan will return to his home in Victoria in the Fall.  
Mrs. J. O. Cameron entertained at a luncheon at her home, "Roseboro," Moss Street, yesterday in honor of Miss Edith Richardson, a bride-elect. Covers were laid for twelve at a table prettily decorated with roses and illuminated with pink candles. Miss Richardson was the recipient of a number of delightful little gifts.  
Venerable Archdeacon and Mrs. E. P. Laycock arrived in Victoria on Saturday from England where they have been residing for the past four years. They are at present the guests of Miss Agnew at "Schubum," Rockland Avenue, and will remain with her until their removal into the Archdeaconry, Wilmet Place.  
Mr. and Mrs. Napier Gowen, Grace Court, Vancouver, entertained at a delightful party recently in honor of Mrs. C. N. Gowen of Victoria. Among other guests were Mr. and Mrs. T. J. Kinney, Mr. and Mrs. W. U. Runn, Mr. and Mrs. H. Boutton, Mrs. L. E. Maddaugh and Mr. and Mrs. Paul Michell.

The home of Dr. and Mrs. Thomas Miller, 257 Irving Road, was invaded by a party of friends on Tuesday evening, June 10, in celebration of the tenth anniversary of their wedding. On behalf of the assembled guests Mr. R. S. Baker presented the host and hostess with an upholstered chair coupled with a brief address of congratulations, to which Dr. Miller replied. Cards, dancing and music were much enjoyed by the guests who included Mr. and Mrs. A. Muir, Mr. and Mrs. A. W. Evans, Miss M. J. Wark, Miss E. Tyne, Dr. and Mrs. Sinclair, Mr. Campbell, Mr. P. Rutter, Mr. and Mrs. Holden, Mr. and Mrs. R. Rutter, Mr. and Mrs. Pendergast, Mr. and Mrs. Trevis, Dr. C. Duck, Mr. and Mrs. G. Robertson, Miss J. McKenzie, Miss R. McKenzie, Dr. A. H. Tanner, Miss Cameron, Miss Jean McEwan, Miss Jean Harvey, Mr. and Mrs. R. S. Baker, Mr. and Mrs. J. McBryer, Mr. and Mrs. Fred Patton and Miss Dora Rolis.

The Misses Marjorie Campbell and Katherine Jackson were joint hosts at a social evening when they entertained at a miscellaneous shower in honor of Miss Helen Clay who is to be married shortly. The guests included Mrs. Campbell, Mrs. W. L. Clay, Mrs. David McLaren, Mrs. Gordon Kenning, Mrs. Brooks Stephenson, Mrs. James Stewart, John Stewart, Mrs. W. A. Shields (Calgary), the Misses Nelson, McFadden, Virtue Errington, Lillian Michaels, Ruth Cochrane, Edna Humber, Dorothy Scott, Margaret, Mary and Kay Clay, Jean McLaren, Burns, Gertrude Scott, Helen and Norma Macdonald, Jean Cameron, Nora MacEachern, Margaret and Campbell, Helen Forman, Helen Straith, Ferguson and Catherine Fraser.

## SOOKE HARBOR

Mr. and Mrs. C. Woodruff, with their small daughter Beulah, together with Mr. A. Gent and Miss T. Diplock, have left here for a trip south. They are motoring to Los Angeles and are returning by Banff. They expect to be away for about six weeks.

## CHEMINAIS

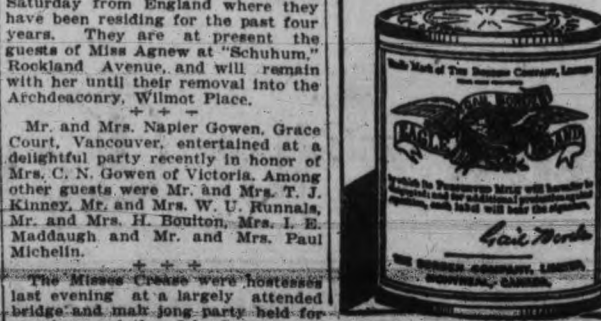

Mr. and Mrs. Jack Pulling, who were recently married in Vancouver, are visiting in Chemainus. Mrs. Pulling was formerly Miss Florence McGregor, niece of Mr. and Mrs. J. P. Smith of Chemainus.  
Miss McDonald, of the Chemainus Hospital staff, is taking a three weeks' vacation.  
Miss I. Johnston, a former member of the hospital staff, is spending a holiday renewing old acquaintances in Chemainus.  
Mrs. Morgan, of Bellingham, is the guest of her daughter, Mrs. G. Jacobson, Chemainus.  
Mrs. N. F. Lang and little daughter Joy, have returned from Vancouver, where they spent the past few days.

## KEEP PAYING GUESTS IN A BUSINESSWAY, IF AT ALL!

Perhaps it's a mere incident of your home life—this matter of having a few boarders in the house. But, even so, it's just as well to make some money by keeping boarders if you keep them at all—so get into the habit of advertising promptly when a vacancy occurs at your table—or when one is in prospect.

The Borden Co. Limited

Doctors recommend it  
—as a safe food for babies when mother's milk is not available. Eagle Brand is just pure milk and pure sugar put up in sealed cans which keep it absolutely pure. The leader since 1857. Write for free Baby Welfare Books.

## FETE AT BUTCHART GARDENS TUESDAY

### Women's Canadian Club Arranges Delightful Alfresco Affair

With the kind permission of Mr. and Mrs. R. P. Butchart, the Women's Canadian Club will hold a garden party at "Benvenuto," Tod Inlet, on Tuesday afternoon next, June 17. For the convenience of members of the club and their friends, a special train will leave the B. C. Interurban Depot, Douglas Street, at 2.30 and at Tod Inlet motors will be available to convey visitors from the station to the gardens. The return to town will be made by special train at 6 p.m. In order to facilitate transportation and catering arrangements those intending to visit the gardens on this occasion are kindly requested to secure their tickets at the Interurban Depot on Monday afternoon. A specially reduced return fare has been arranged.  
In addition to the attraction of the gardens which are looking particularly lovely at this time, the club has arranged a delightful programme. Pupils of Miss Gladys Thorpe will give a number of charming alfresco dances and there will also be a musical programme. Afternoon tea will be served and ice cream will be available.  
Mrs. Butchart is lending every assistance in the preparations and the garden party promises to be a most popular and enjoyable affair.

## V.O.N. HAS EXISTED TWENTY-FIVE YEARS

### Public Nursing Service to Appeal For Funds Saturday

The Victorian Order of Nurses was founded in 1899 under royal charter by Her Excellency the Countess of Aberdeen in celebration of Queen Victoria's golden jubilee, and since then it has played an important part in the building up of Canada. It has thus been in existence for more than a quarter of a century, and has therefore long passed the experimental stage and justified its existence.  
Last year the visits made numbered about 600,000, and one out of every fifteen babies born in Canada came into the world by the kindly help of a V.O.N. nurse equally highly trained from the V.O.N. who gives her bedside treatment, accepts her small fee and goes on her way.  
The public is asked to put this valuable public service on a sound financial footing for the next year by giving generously on Saturday, June 14, the annual tag day of the V.O.N.  
St. Regina from Montreal, June 21—Passenger for the above White Star line sailing should leave on the Canadian National Railways Continental Limited, 9.50 p.m. June 15 from Vancouver. This train carries all standard and tourist sleeping and dining cars, drawing room, compartment, library, observation cars with radio. Baggage may be checked through to steamer from Victoria. Reservations for both rail and boat may be made at city ticket office, Canadian National Railways, 91 Government Street. Telephone 1242.

Three days will be spent in Paris before going to London, where the party will be under the wing of the Empire Press Union. Arrangements have been made for a reception at Buckingham Palace by the King and Queen on Dominion Day. Other parts of England and Scotland will be visited, and, returning on the liner Montaurier, the tourists will stop at Belfast, where Sir Robert Baird, head of The Belfast Telegraph, has promised the party a real taste of Irish hospitality.  
The party will arrive at Quebec August 4.  
C.P.R. Flannel Dance—Tickets will be on sale at the C.P.R. Club's flannel dance this evening for the dance to be held in the Armories on Saturday night under the patronage of Victoria City Police Benevolent Association, the proceeds from which are in aid of Victoria Juvenile Pipe Band costume fund.

## DOCTOR NOW BLAMES JAZZ FOR GOITRE

### American Medical Association Told That Hectic Pace Is Responsible

Chicago, June 12.—Declaring that half of the women of the middle West are afflicted with goitre, Dr. G. W. Newell blamed "this generation of jazz" for the increase in the prevalence of the disease, in a paper read before the annual meeting of the American Medical Association here yesterday.  
"High-powered motor cars, dances, theatres, cabarets, liquor and the other innumerable factors that play a part in the regular life of many of our urban adolescents today have set such a hectic pace that the human nervous system isn't equal to it," he said. "It results in complete fatigue which prevents elimination of the toxins of the body, resulting in goitre."  
"The girl of to-day is something to be proud of," said Dr. Katherine D. Manion, retiring president of the National Medical Women's Association meeting in connection with the American Medical Association. "The modern girl is the healthiest, happiest girl the world has ever known," she said, "and I would not exchange the modern flapper, as you call her, for any other girl of any other time."

## CANADIAN EDITORS CROSSING ATLANTIC

### Weekly Newspaper Association Party on Way to Europe For Brief Visit

Montreal, June 12.—With nearly 500 people, 200 of whom are Canadian Weekly Newspaper editors and their wives, lining the rails and waving goodbye, the steamship Melita left here yesterday.  
The Melita will call at Cherbourg, Southampton and Antwerp, arriving at the latter port June 21. The editors will disembark and make a tour of France and Belgium before visiting Britain. The Belgian Government will give the party an official welcome on the Monday following its arrival and after visiting important points and viewing the battle fields the touring newspaper men will be received by King Albert.  
Three days will be spent in Paris before going to London, where the party will be under the wing of the Empire Press Union. Arrangements have been made for a reception at Buckingham Palace by the King and Queen on Dominion Day. Other parts of England and Scotland will be visited, and, returning on the liner Montaurier, the tourists will stop at Belfast, where Sir Robert Baird, head of The Belfast Telegraph, has promised the party a real taste of Irish hospitality.  
The party will arrive at Quebec August 4.  
C.P.R. Flannel Dance—Tickets will be on sale at the C.P.R. Club's flannel dance this evening for the dance to be held in the Armories on Saturday night under the patronage of Victoria City Police Benevolent Association, the proceeds from which are in aid of Victoria Juvenile Pipe Band costume fund.

# Hudson's Bay Company.

INCORPORATED 2ND MAY, 1870

## FERRY OLYMPIC WILL BE TESTED HERE TO-MORROW

Will Trout Slips at Port Angeles and Victoria Before Inaugurating Service

R. J. Oliver, traveling freight and passenger agent for the Puget Sound Navigation Company, was in the city this morning to inspect the new ferry ship which has been built in the Inner Harbor to accommodate the ferry Olympic when she inaugurates the Port Angeles-Victoria ferry service on Saturday. Mr. Oliver left for Port Angeles on the Sol Duc this morning to inspect the ship there and will then return to Seattle to make the trip to Port Angeles on the Olympic.

The Olympic, which was turned over to the owners yesterday by the Todd Shipyard, will leave Seattle at 11 o'clock to-night for Port Angeles, where she will test the ship there. The vessel will then come to Victoria to test the ship here. Following the tests the boat will be open for public inspection.

Remaining here over night, the Olympic will be ready to make her first trip in the service at 9 o'clock the next morning, thus keeping to the schedule set a month in advance. Two round trips will be made daily between Port Angeles and Victoria, the vessel remaining here overnight so as to make the early morning run to Port Angeles. The times of departure from Victoria are 9 a.m. and 5:30 p.m., while from Port Angeles they are 11 a.m. and 4 p.m. If business justifies this schedule will be changed to give an increased number of trips.

## ALABAMA MARU IS HERE FROM ORIENT

Brings Largest Tea Ship-ment This Season; Large Number of Passengers

Encountering very heavy weather during the past three days the Osaka Shosen Kaisha liner Alabama Maru, Captain D. Fuchigami, docked here at 10:30 o'clock this morning from the Orient to discharge a light consignment of cargo and thirty passengers. The captain reported very bad weather, but was able to make port on schedule time owing to the ship's new oil burning system. Had the new system not been installed, the vessel would most likely have been delayed a day. Nearly all the O.S.K. liners have oil burners now. The last vessel to have them installed was the Arabia Maru, which left last Sunday using oil fuel.

The Alabama Maru brought a good passenger list this trip, 221 altogether. Forty were first class, fifty-

four-second and 127 steerage. Nearly 2,000 tons of cargo were brought from the Orient this trip. There were 183 tons for Vancouver, 2,081 tons for Tacoma and 417 tons for Seattle; including a large consignment of silk. Other features of the cargo were 6,728 cases of tea, 523 tons of wood oil and 4,478 cases of porcelain.

The tea shipment is the biggest this season and the second from the Orient since importation commenced this season. The porcelain is also considered an unusually large shipment.

## CANADIAN PLANTER DUE HERE TO-DAY

Will Dock To-night From Montreal Twelve Hours Ahead of Torhamvan

Due here at 9 o'clock to-night from Montreal, the C.G.M.M. steamer Canadian Planter, making her first visit to this Coast, will dock at Ogden Point. The steamer Torhamvan of the Kirkwood Line left Montreal the same time as the Canadian Planter and is twelve hours behind the Planter.

The Canadian Planter has a big interior cargo and will discharge some 300 tons here.

The new United Kingdom C.G.M.M. schedule has been issued by the local office. It gives a sailing each month. They are as follows: The Canadian Planter, which is now on her way down the Coast for the Canal, the Canadian Freightliner on July 10, Canadian Highlander August 10 and the Canadian Skirmisher September 10.

## LATEST MOVEMENTS OF C.G.M.M. SHIPS

Canadian Scottish, May 15, 1 a.m., left Vancouver for Auckland.  
Canadian Traveler, May 27, left Adelaide for Kermela.  
Canadian Winner, May 19, 7:30 p.m., arrived Vancouver.  
Canadian Freight, May 22, left Glasgow.  
Canadian Britisher, May 22, 11 p.m., left Vancouver for Pictou.  
Canadian Seignior, June 3, arrived Vancouver.  
Canadian Skirmisher, May 31, arrived Panama Canal.  
Canadian Importer, June 3, 6:40 a.m., arrived Montreal.

Canadian Observer, June 9, 10 a.m., arrived San Pedro.  
Canadian Volunteer, June 6, p.m., left San Francisco.  
Canadian Transporter, June 10, left Vancouver for United Kingdom.

## EXCLUSION BILL WAS UNAVOIDABLE FATE OF JAPANESE

Editor of Formosa Daily News Thinks League of Nations Only Alternative

"It was Japan's unavoidable fate," stated U. Tanakawa, editor of the Formosa Daily News, in speaking of the Japanese Exclusion Bill to The Times this morning. Mr. Tanakawa is en route to New York and thence to Europe on a sightseeing tour combined with business. He arrived from the Orient this morning aboard the Alabama Maru and is accompanied by T. Kawamura, director of the Taiwan Camphor Manufacturing Company Limited, who is also on the sightseeing tour of the United States and Europe.

Mr. Tanakawa went on to say that the only alternative left the Japanese Government now is to appeal to the League of Nations. A very noticeable result of the signing of the Exclusion Bill by President Coolidge is that many inquiries are now being made at the steamship offices regarding transportation to South America, the editor went on to say. "South America invited Japanese to settle in that country but there had been no noticeable trend of travel to that continent. If the intervention of the League of Nations does not succeed in the reconsideration of the Exclusion Bill," Mr. Tanakawa stated, "Japan will take advantage of the Argentine Government's offer and send emigrants to that country."

Mr. Tanakawa is also touring the United States in the interests of tea merchants of Formosa. Mr. Tanakawa is hoping to encourage the importations of tea from Formosa and will devote part of his time while in the United States in this direction.

## EMPIRE TEXTILE CONFERENCE HELD

Production of Wool Discussed at Gathering at Wembley

London, June 12 (Canadian Press Cable)—The British Empire controls sixty-eight per cent of the world's exportable surplus of wool and South American thirty-two per cent, according to a statement made by the president of the British Wool Federation in the course of a speech on wool supplies and wool consumption at the Empire Textile Conference,

opened at Wembley yesterday. In the case of merino wool the Empire produces eighty-five per cent, he said.

The president urged that steps should be taken to discover what measure should be adopted to strengthen the present position by encouraging the overseas farmers, especially Canadian farmers, to increase their flocks. He contended that the sheep-breeding industry was capable of enormous development under a campaign backed by the respective governments. He expressed the belief that if the ever-growing demand for wool garments were not met there would be a reduction in the use of wool and increased use of substitutes.

## C.N.R. EARNINGS

Montreal, June 12.—The gross earnings of the Canadian National Railway for the week ended June 7, 1924, were \$4,302,203, a decrease of \$274,148 over the corresponding period last year. The gross earnings for the Canadian National Railway from January 1 to June 7, 1924, have been \$99,486,684, a decrease of \$682,065 as compared with the corresponding period of last year.

If you want to borrow money, and can offer sound security, state your case in a classified ad.

Good advertising will always find a buyer for a good "used car"—at a "selling-price" that is almost trivial.

## Chicago-Milwaukee And St. Paul Will Give New Service

Effective June 22 a double daily train service will be established between Seattle and Ashford on the National Park line, each train making two auto stages at Ashford for points within Rainier National Park.

This is the first time that this service has been given and is expected to prove popular, as it will give passengers traveling Seattle on the morning train an opportunity of making the round trip in one day.

## The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department.

Victoria, June 12.—5 a.m.—The barometer has fallen over Northern B.C. and showers may become general on Vancouver Island and the Lower Mainland. Light rains have occurred from Calgary to Winnipeg.

**Reports**  
Victoria—Barometer, 29.55; temperature, maximum yesterday, 58; minimum, 48; wind, 3 miles N.E.; rain, .02; weather, cloudy.  
Vancouver—Barometer, 29.56; temperature, maximum yesterday, 57; minimum, 46; wind, 4 miles S.E.; rain, .02; weather, cloudy.  
Kelowna—Barometer, 29.55; temperature, maximum yesterday, 57; minimum, 46; wind, 4 miles S.E.; rain, .02; weather, cloudy.  
Tatoosh—Barometer, 29.54; temperature, maximum yesterday, 56; minimum, 45; wind, 4 miles S.E.; rain, .02; weather, cloudy.

## MCKINLEY HAS 700 PASSENGERS

Will Arrive Here Sunday With Tons of Cargo For Victoria

With the second largest passenger list to be brought from the Orient by a 535-ton liner the Admiral McKinley, among whom is Cyrus E. Woods, American Ambassador to Japan, will arrive here Sunday. There are sixty passengers for Victoria including several first-class passengers, Seattle's list comprises 174 first class and 466 steerage passengers, making a total of 700 passengers on board altogether.

A large cargo will also be discharged here on the vessel's arrival. There are 300 tons of cargo and fifty-five bags of mail for Victoria.

The President Madison will leave for the Far East to-morrow afternoon with passengers and a capacity cargo including several automobile buses and construction material.

Latest reports from the steamer Emma Alexander state that it will be late to-night before she docks at San Francisco. She was two and a half hours late in leaving San Francisco owing to increased cargo offerings. The largest cargo of citrus fruits brought north this year is stored away in the ship's holds. There are 300 tons of cargo, including twenty cars of citrus fruit for Victoria.

## Longshore Log

Emma Alexander due 12 o'clock to-night from California with 300 tons of cargo.  
Dorothy Alexander due 7 o'clock to-morrow outboard for California.  
Benefactor due Saturday with 300 tons of cargo from United Kingdom.  
Protetlaue due Sunday from Orient with 150 tons of cargo.  
President McKinley due Sunday from Orient with 300 tons of cargo.  
Empress of Russia due Monday from Orient.

## Latest Shipping Positions by Radio

ESTEVAN POINT, 8 p.m.—SAN FRANCISCO, Port Alberni for Providence, Rhode Island, 795 miles south of Columbia River.

H. F. ALEXANDER, Seattle for San Francisco, 244 miles from San Francisco.  
ADMIRAL FARRAGUT, San Francisco for Portland, 370 miles south of Columbia River.  
ATLAS, Richmond for Aberdeen, 17 miles from Aberdeen.

## EMPEROR OF CANADA TO CALL AT MANILA

Will Resume Transpacific Service After Round-the-World Cruise

When the Canadian Pacific Empress of Canada sails from this port June 19 for the Orient she will resume the Manila call. For more than a year the big liner Empress of Canada and Empress of Australia have not made this call, and for about eight months none of the boats of this line made the Manila call.

Philippine trade developed considerably and the residents of Manila appealed to the Canadian Pacific to re-establish the call.

Next Monday the Empress of Russia will arrive in port from the Orient with 810 passengers.

## TWO N.Y.K. LINERS BEING DIVERTED TO TRANSPACIFIC RUN

Mishima Maru and Nikko Maru Will Make Special Trip From Japan During June

The Nippon Yusen Kaisha is diverting two of its large passenger liners to put them on the trans-Pacific run during the month of June. It was learned in cable advices to the local office this morning. The Mishima Maru will make one trip from Japan, arriving here June 29, while the Kaga Maru is making a special trip so as to arrive in Seattle before the exclusion bill becomes effective on July 1. She is due here the same day as the Mishima Maru. The Nikko Maru has been diverted from the Australian route to make a special trip to the United States before July 1. This makes a total of three special sailings in the N.Y.K. service alone during the month of June, in addition to the regular sailings that are on the schedule.

Further advice from Tokyo states that the Government has arranged with the T.K.K. to dispatch the liner Shinyo Maru on a special trip to carry Japanese residents of America visiting Japan back to America before the exclusion act becomes effective. The Shinyo Maru instead of going to Hongkong will return immediately to San Francisco. The Government has secured five liners to handle the large number of Japanese seeking to reach America before July 1. They are the Mishima Maru and Nikko Maru of the N.Y.K., the Persia Maru and Shinyo Maru of the T.K.K. and the Hawaii Maru of the O.S.K. It was learned on the arrival of the Alabama Maru from the Orient this morning that the O.S.K. is also contemplating the diversion of one of its other liners to the trans-Pacific line for one trip.

## O.S.K. ARRANGES SCHEDULE TO GIVE CALL AT HONGKONG

One Sailing Each Month From Victoria to Hongkong Will Be Given

The Osaka Shosen Kaisha trans-Pacific schedule has been rearranged to give a longer itinerary in the Orient. It was learned at Rither's Consolidated this morning. One sailing each month will be given out of Victoria to the Orient.

This gives a sailing for Hongkong with practically every other steamer. While no particulars have been received of the ports of call, it is presumed that they will be the same as in the past, Yokohama, Koba, Moji and Shanghai.

The following sailings to Hongkong are given for during the next six months sailing from Victoria: Arabia Maru, August 19; Alabama Maru, September 4; Africa Maru, October 19; Hawaii Maru, November 23; Manila Maru, December 12; and the Arizona Maru, January 9.

## UNION STEAMSHIP COMPANY OF B.C. Limited

Regular sailings from Vancouver to all East Coast and Mainland Points. Logans Camp and Nanaimo as far as Prince Rupert and Anyox. For detailed information apply GEO. McLEOD, Agent, Tel. 1125, No. 100 Mont House.

## Electro-plating a Canadian Railway Operation

Photographs showing electro-plating operations at the Angus Shops, Montreal. No. 1 shows the tanks in which small articles are hung for plating, and No. 5 the lacquering process. The text below explains the other photographs fully.

Passengers on the Trans-Canada and other Canadian trains have often admired the tableware with which the dining cars are equipped, but comparatively few of the travelling public appreciate the extent to which electro-plating enters into every day use on a Railway. As a matter of fact, practically all metal hardware parts of passenger equipment interiors are plated, many of the engine parts, including the copper reflector of the head-light are plated, and various platings are used on a thousand and one articles which enter daily into the life of a railroad.

The traveller notices the silver plate, perhaps more than any other, but many metals are used by the railroad companies. Gold, for instance, is used by the Canadian Pacific for plating pepper casters tops and similar articles, copper is used on lighting and other metal car fixtures, zinc on refrigerator hardware, nickel on kitchen utensils, tin on tinnermen's lanterns, mercury on telegraph elements and aluminum or lead on miscellaneous articles.

At the Angus Shops, Montreal, the Canadian Pacific Railway Company has quite an extensive plant where the most of its electro-plating is carried on. The method used by this Company is a simple one but none the less effective.

The articles to be plated are first chemically cleaned, after which they are usually hung from a metal bar into a long vat where they are immersed in a chemical solution which varies with the metal to be deposited. The electric current, which is of low voltage, is connected, the positive pole to the metal plate or plates, and the negative to the bar from which the articles to be plated are suspended. As the electric cur-

rent flows from the plating metal to the suspended articles, the metal is carried through the solution and deposited in the form of a thin coating over the entire surface of the required article.

This process is well illustrated in No. 2, which shows two electric headlight reflectors in the process of receiving silver plating. In this case the plate of silver is suspended in the centre of the reflector, which is filled with cyanide of potassium solution, and the electric current flows from the plate to the reflector which is, itself, the negative pole.

Illustration No. 3 shows the next step in the treatment of the headlight reflector, which, by the way, gives the highest concentration of light known. This is hand burnishing, the operator burnishing two reflectors in a working day. For articles which can be readily polished by a rotating buffing wheel, this is accomplished in the manner shown in No. 4.

Upon completion of the polishing operation, articles to be so treated are placed in a metal container and, by means of a small compressed air gun, sprayed with suitable lacquer. If it is desired to oxidize the plated article in order to make it harmonize with woodwork or other material, as is often the case with copper platings, it is exposed to heat or vapor, or immersed in some solution prior to the application of the finishing coat of lacquer.

The Canadian Pacific Railway Company was the first large corporation in Canada to install its own electro-plating plant, but during the last few years this method of protecting metal from oxidation has developed into quite an industry and one which employs a large number of Canadian workmen.

## Marksmen Gather Here For Annual Shoot Next Month

British Columbia Rifle Association Make Arrangements For Four-Day Meet

Lengthy Programme of Events For All Classes; Look For Successful Meet

Commencing on Wednesday, July 3, and continuing for four days, the British Columbia Rifle Association will stage its forty-sixth annual prize meeting at Healy's Range, Saanich. Last year the meet was held in Vancouver, while in 1923 one of the most successful shoots in the history of the association was staged here. All entries for this year's shoot will have to be in the hands of Capt. P. R. M. Wallis, 2667 Quadra Street, not later than 9 a.m. on July 3. The entries must also be accompanied by the entrance fee money.

The British Columbia Rifle Association is one of the oldest orders of this description in the Dominion. It was formed in the year 1874 but was not incorporated until 1910. His Honor W. C. Nichol, Lieut.-Governor of British Columbia, and Gen. Sir A. W. Currie, C.M.G., K.C.B., are the patrons. The association has altogether twenty-two life members, the oldest one dating back as far as the year 1880.

The officers and vice-presidents of the association are as follows: Vice-presidents—The Premier of the Province, the Mayors of Victoria, Vancouver, New Westminster and Nanaimo. Representatives on Council of D.C.R.A.—Brig.-General J. A. Clark, C.M.G., D.S.O., M.P.; Vancouver; Brig.-Gen. C. F. Winter, R.O.; Ottawa; Hon. S. F. Tolmie, M.P.; Victoria; Major R. M. Blair, Seaforth, Vancouver; R.C.M.P.; Vancouver; Hon. H. H. Stevens, M.P.; Vancouver. Honorary President—The District Officer Commanding. President—Brig.-Gen. J. Duff Stuart. Vice-presidents—First, Major R. M. Blair, 72nd Seaforth; second, Major F. Richardson, O.B.E.; third, Regt. C.G.A.

Council—Col. J. F. Keen, C.M.G., V.R.A.; P. R. M. Wallis, Capt. A. H. Harrison, Capt. J. H. Gillespie, 16th Canadian Scottish; Sgt.-Major P. Hatcher, 5th Regt. C.G.A.; Major W. C. Rose, M.C., Capt. M. B. Stevenson, 72nd Seaforth; Lieut. and Capt. Underwood, D.C.M., M.C., P.C.C.I.; Capt. A. A. Warder, Q.M.-Sgt. E. J. Read, Garrison R.A.; Sgt.-Major W. H. Ruffell, R.C.C.; Capt. H. F. C. Letson, M.C., 1st Batta. 1st B.C.R. "D.C.O."; Lieut. A. B. Maggs, 29th Battalion; Inspector T. V. Sandys, Wunuch, R.C.M.P.; Lieut.-Col. A. G. Graham, M.G. Brigade. Secretary—John Caven, Armouries, Bay Street, Victoria, B.C.

The meet will continue for four days with three competitors shooting in the morning and afternoon. The first match of each day will start at 9 o'clock, while the last match will be staged around 5 o'clock. The matches for the four days are as follows:

**WEDNESDAY, JULY 3**  
Extra series, 200 yards.  
Victoria and Tyro, 200 yards.  
Macdonald "Brier" No. 1, 500 yards.  
Extra series, 500 yards.

Meeting of council for 1925.

## New World's Record Set by Chicago Boy For Decathlon Event

New York, June 12.—Harold Osborne, of the Illinois Athletic Club, Chicago, yesterday broke his own world's record for the decathlon when he scored 7377.35 points in ten events in the final trials for the American Olympic team. His old mark of 7250 was established at the national championships last year.

Emerson Norton, Georgetown University, took second place, with 7029.24 points, and Harry G. Fride, of the University of Chicago, was third with 6542.55 points.

## Two Referees For Amateur Lacrosse Games in Future

Vancouver, June 12.—When Native Sons and Westminster amateur champions tangle at Queen's Park to-night, the dual referee system will be introduced and will be continued throughout the season.

This has been decided by President C. E. McClellan and officials of the league. It has been found that with larger fields and twelve men instead of ten, it is hard indeed for one man to cover the field and to adequately watch the plays.

## Three Teams Are Now Running Even In Cricket Race

University, Tillicums and Cranleigh Tied at Top in Wednesday League

W.C.L. Standing

University School	P	W	L	Pct.
Tillicums	6	3	3	6
Cranleigh House	5	3	3	6
Hudson's Bay	5	3	3	6

Three teams are now level for first place in the Wednesday Cricket League as a result of the way yesterday's matches went. University was prevented from jumping away from the rest of the teams by the Tillicums who scored a fine win.

The bowing and batting of the Tillicums was too deadly for the leaders and the students were all out for a mere 57. On the other hand the Tillicums hit freely, taking double figures, getting 12. In the second innings the Bays did a little better replying with 44, including an 18 by Ellis.

In their first innings Cranleigh put on 94 runs for eight wickets. Kinch was high man with a 49.

The scores were as follows:

**CRANLEIGH HOUSE**  
Hewitt, b Harrison ..... 21  
Martin, b Harrison ..... 0  
Sparks, c Shrimpton, b Haines ..... 6  
Kinch, c Booth, b Shrimpton ..... 49  
Harrison, b Shrimpton ..... 17  
Wainman II, not out ..... 1  
Husband, c and b Booth ..... 6  
Extras ..... 2  
Total ..... 55

**UNIVERSITY SCHOOL**  
Hewitt, b Harrison ..... 21  
Martin, b Harrison ..... 0  
Sparks, c Shrimpton, b Haines ..... 6  
Kinch, c Booth, b Shrimpton ..... 49  
Harrison, b Shrimpton ..... 17  
Wainman II, not out ..... 1  
Husband, c and b Booth ..... 6  
Extras ..... 2  
Total ..... 55

**BRITISH RUGGERS Win in Australia**  
Ipswich, Queensland, June 12 (Canadian Press cable).—The British Northern Union rugby team touring Australia defeated Ipswich yesterday 17-0.

**HARD TO TELL WHO CARPENTIER WILL MEET NEXT IN RING**  
New York, June 12.—Francis Desamps, manager of George Carpentier, has not decided whether to send the Frenchman against Gene Tunney, Young Stribling or Jim Slattery in his next American bout.

Billy Gibson, Tunney's manager, insists that Carpentier must live up to his contract to fight Tunney. American light heavyweight champion, before meeting either of the younger men.

## Veterans To Tour Rural Districts To Boost Soccer

Will Journey to Sidney Tuesday; Play James Island and Fulford Later

Games Are Expected to Bring More Competition For Local Teams Next Year

In order to stimulate interest in football in the rural centres the Veterans have arranged to play several games in the next few weeks. This missionary campaign by the Veterans is the first of its kind to be undertaken in the history of British Columbia football. The Veterans are keen to get the rural districts lined up for football next season, so as to provide more competition and in order to get the necessary teams they have deemed it advisable to go out and encourage the teams.

The first game of the series will be played on Tuesday, night, just at Sidney. The Veterans will motor out, leaving their headquarters at 5.30 o'clock sharp.

**SIDNEY IS STRONG**  
Sidney will field a very strong team to oppose the city eleven. There are a number of fine players in and around Sidney, and it is expected that as a result of the game on Tuesday active steps will be taken to get a team together that will be able to make a good showing in competition in Victoria next fall.

The Veterans plan to visit James Island and Fulford Island as soon as arrangements can be made. Both these places boast of very smooth and well-functioning eleven, and they will get their first chance to show their real strength when they oppose the Veterans.

The Veterans will take a smart team on its tour. Although several of their players are suffering injuries, including Chris Giesels, their captain, good men have been secured to take their places. Harry Copas is to fill in at centre half so that this position will not be weakened any.

**WEATHER SLOWS UP TENNIS TOURNAMENT**  
Owing to the unsettled weather yesterday the handicap tournament of the Victoria Lawn Tennis Club was slowed up somewhat, and only a few matches were played.

The results were as follows:  
**Men's Singles**  
P. E. Deasum, minus 2.5, defeated Miss J. Gordon, scratch, 6-4, 6-2.  
Miss M. Davis, plus 15, defeated Miss K. S. Johnston, plus 6, 6-2, 6-2.  
**Ladies' Singles**  
Misses S. and M. Mason, scratch, defeated Mrs. Garrett and Mrs. Leeming, minus 15, 6-4, 6-2.  
Miss Austen Leigh and Miss B. Nelson, plus 15, defeated Mrs. Denniston and Miss Jackson, minus 10, 6-4, 6-2.  
**Mixed Doubles**  
Misses Hodgins and Hodgins, minus 15, defeated Mr. Colborne and P. F. Mordith, minus 30, 6-4, 6-2.  
Mr. and Mrs. W. H. Wilson, scratch, defeated Miss S. Mason and Sterry, scratch, 2-6, 6-2, 6-4.

**QUOTING NOTES**  
Another good turnout attended the quail handicap on Saturday at the Willows and some nice play was seen, especially in the game between S. Watt and A. McMillan, the former winning by one shot in the final. A general meeting will be held on the grounds on Friday night and every member is requested to attend.

## Woodley Again Put Over His K.O. Blow

Ernie Woodley, the powerful hitting light-heavyweight, won another fight by a knockout last night. The local boy went over to Port Angeles and tangled with Mike Fisher of Los Angeles, and put him man to sleep in the third round. Woodley dropped Fisher for counts of seven and eight in the second round and got in a hay-maker in the third which stowed the American away for the time limit.

Woodley is coming along well and has won all his battles by knockouts. He has several other important matches coming off.

## LEAD CANADIAN BOWLERS ON THEIR INITIAL VISIT TO UNITED KINGDOM

The Canadian bowlers have not done very well in their opening games in England and Wales but they are hoping for better luck. In the above picture are the two leaders of the Canucks, R. R. Rice, of the Queen City Club, of Toronto, captain of the team, is on the left, while the other figure is A. A. Langford, of London, vice-captain.

## Huge Crowd Will Watch International Hoop Game

Judging by the great interest being shown in the visit of the "Favorite Knits," senior girl basketballers of Cleveland, Ohio, a huge crowd is expected at the High School gymnasium to-night when the ball is tipped off at 8.30 o'clock. The "Fidella" girls from the First Presbyterian Church, British Columbia ladies champions, will provide the opposition for the visitors.

The Cleveland girls arrived in town this afternoon and are being well looked after. They had a hard game in Vancouver last night, when they lost out to the Mainland all-star aggregation, it being their first defeat in British Columbia. The "Favorite Knits" came west for the purpose of lifting the world's championship from the Edmonton Grads, but they failed. They then decided to continue westward and after visiting Jasper Park played in Prince Rupert and Vancouver.

The game to-night should prove a thriller from start to finish. Girls' basketball has taken a tremendous hold on the public all over the continent and Western Canada has come into the limelight as a result of the phenomenal work of the Edmonton Grads.

In reading over reports of the visiting team's records, two of the most outstanding players are Elizabeth Wagemaker, centre, who often runs up a score of ten, twelve or fifteen points in a game, and Catherine McAleer, who it is stated is one of the best defence players in the game. Miss McAleer has been with the team for many years and was recently chosen as captain. Always a steady reliable check she is also a dangerous shot, and is often found in the scoring column.

There is not a weak player on the whole team and the "Fidella" girls will need to be at their best to secure a win over the visitors.

Any surplus funds, after all expenses are paid and the entertainment of the visiting team provided for, will be used to augment the fund being raised for the welcome of the British Service Squadron due next week.

## Yankees Against Little Fellows Gaining a Point

New York, June 12.—A clash between French and United States athletic authorities over the system of points scored for the track and field championships at Paris in July, loomed yesterday when Fred W. Rubien, secretary of the United States Olympic committee, issued a statement declaring the United States would not recognize the French decision to score events on the basis of first quarter first place and with the next five places graded from five points down to one point. The French committee, according to Mr. Rubien, is not empowered to fix arbitrarily any point scoring system at all for the Olympics.

He pointed out that none has been provided for by international authorities in charge of the games, but adds that so far as this country is concerned the winners in each event will be credited with five points, with three points for second, two for third, and one for fourth, which is the recognized method of scoring track and field events in the United States.

## Williams's Timely Tap Causes Reds To Take a Tumble

Homerun Hitter Kicked in With Single in Thirteenth Inning and Won Game

Pirates Again Defeat Giants And Cubs Beat Dodgers; Red Sox Are Halted

**NATIONAL LEAGUE**  
Boston, June 12.—Extra base hitting by St. Louis and fielding lapses by Boston gave Cardinals a 7 to 3 victory over the Braves yesterday. The visitors pounded Benton in the first three innings for three tallies and hammered Yergin for four in the ninth after Benton's error with a double play in sight.

**PIRATES EVEN SERIES**  
New York, June 12.—Pittsburgh earned an even break in its four-game series with New York, winning the last game yesterday, 4 to 2. Pittsburgh scored four runs on McQuillan in the sixth on only one hit and two bases on balls.

**ALEX. SUBDUES DODGERS**  
Brooklyn, June 12.—Chicago evened up the series of four games with Brooklyn yesterday, Alexander subduing the Dodgers, 7 to 2. The Cubs knocked Grimes out of the box in the seventh when they got the bases full, with one out, but Deatour held them scoreless.

**CY'S SINGLE WINS GAME**  
Philadelphia, June 12.—Cincinnati and Philadelphia battled for thirteen innings yesterday before the home team won the last game of the series, 7 to 6. "Cy" Williams connected with a single that scored Henline and Sand, winning the game.

**AMERICAN LEAGUE**  
St. Louis, June 12.—Urban Shocker, Brower's pitching star, was batted out of the box by the Washington Senators yesterday and the locals lost 12 to 1.

**SHOCKER, BAYNE, GRANT AND VANDER, SEVEROLD**  
Detroit, June 12.—Detroit slugged its way to victory over the New York Yankees in the first game of the series yesterday, winning 7 to 2.

**WHITE SOX KEEP GOING**  
Chicago, June 12.—Heilmach and Hasty failed to stop the White Sox batting yesterday, and the locals won the first game of the series, 10 to 2.

**INDIANS BEAT RED SOX**  
Cleveland, June 12.—Cleveland made it five straight yesterday by defeating Boston in the first game of the series, 5 to 4.

**INTERNATIONAL LEAGUE**  
Rochester 5, New York 3.  
Buffalo 4, Reading 2.  
Toronto 9, Baltimore 2.

**AMERICAN LEAGUE**  
Milwaukee 7, Columbus 8.  
Kansas City 9, Toledo 5.  
Minneapolis 5-2, Louisville 4-5.

**WESTERN LEAGUE**  
Tulsa 7, Des Moines 6.  
Oklahoma City 7, Denver 5.  
Wichita 4, Omaha 9.  
St. Joseph 9, Lincoln 4.

**QUEBEC, ONTARIO AND VERMONT LEAGUE**  
Rutland 12-4, Montreal Royals 8-0.  
Ottawa-Hull 4, Quebec 5.  
Montreal Canadiens 9, Montpelier 1.

**COAST LEAGUE**  
Los Angeles, June 12.—Los Angeles made it two straight over the league leading San Francisco Seals here yesterday, winning 7 to 6. Shon, the Seal twirler, failed to hold a four-run lead given him by his mates in the early innings, and finally was batted from the box in the seventh when the Angels scored three tallies and took the lead for the first time.

**"BOB" DUNN A WINNER**  
R. Dunn was the low man in the men's medal competition played at yesterday, winning 7 to 6. Shon, the Seal twirler, failed to hold a four-run lead given him by his mates in the early innings, and finally was batted from the box in the seventh when the Angels scored three tallies and took the lead for the first time.

**SEATTLE WINS AGAIN**  
Portland, June 12.—The Beavers

## Arthur Havers is Beaten by Barnes in Guineas Match

Glensagles, Scotland, June 12.—Jim Barnes, former American open golf champion, today defeated Arthur G. Havers, British open golf champion, 2 up and 10 to 1, in the second round of the One Thousand Guineas professional golf tournament, which Havers won last year.

## Records of Cobb and Johnson Are Test For Comers

Veterans of Diamond Have Achieved Feats That May Never be Equalled

New York, June 12.—Walter Johnson pitched a one-hit game against the White Sox a few days ago and brought his major league total to 3,118 strikeouts. Ty Cobb got four hits in five times up in a game for a grand total of 3,505 in his major league career. Both records are in continuing after this season.

**OPPOSITE CHARACTERS**  
Johnson and Cobb are diametrically opposite in temperament. The pitcher is of the phlegmatic type, not easily excited; Cobb is volatile, fiery, full of nervous energy. Both believe that hard work does no harm, but that worry does.

This pair of young-old men have set records in their competitive fields never approached. Outside of home runs, Cobb holds every batting record of any account. Johnson has long been the strike-out king. In his hey-day, 1910, he whiffed 313 over the run of the season in forty-two games.

There are those who say pitching is lost art, and that base-stealing and running are too. They reckon without Johnson and Cobb, as they are going to-day. Johnson struck out fourteen in the White Sox, six of them in a row. This season Cobb has gone back to his old darling, in comparable base-running with an occasionally brilliant steal, such as the puffer of home plate not long since.

**SHAKE OFF THE YEARS**  
It would be foolish to say that the march of years has not told on Johnson and Cobb. Still, there are times in the heat of the fray, when the pair seem to fall off their stalwart shoulders, and they appear again in all the brilliance of other years, in the days of their youth.

They appeared the other day, to thrill the fans of the great game all over the land. And when they are at it, their feats will be a standard of comparison for new stars in the old game.

**How They Stand**

Batteries—Bell, Williams and E. Baldwin; Eckert, Rachac and Cochran.			

lost their fourth straight game, and their second to Seattle yesterday. The score was 8 to 6. Portland batted out a five-run lead off Dell in the second, and made another in the third, but Eckert could not hold it. The Indians crept up little by little, and in the seventh put the game away with a three-run rally.

**SEATTLE WINS AGAIN**  
Portland, June 12.—The Beavers

## Slugging Spree In Ninth Brings Win To Champions

C.P.R., Held in Tie Until Last Inning by Tillicums, Step Out and Win

Costly Boots by Tail-enders' Shortstop Help Champs in Early Stages

A costly error by Salloway in the fifth inning allowing two runs to cross the plate gave the C.P.R. a chance to tie up the score in the amateur league ball game at the Royal Athletic Park last night between the Tillicums and the C.P.R. Up until this inning the tail-enders had been leading by a 3-1 count. The two teams went along until the ninth inning without additional scoring, but in their half of the final frame the railroaders went on a batting spree knocking out seven hits that went for six runs. The final score was 9-4.

Jack Curtis on the mound for the Tillicums pitched a fine brand of ball and was given good support in the field with the exception of Salloway, at the short position, who had four errors. Chalkley, who was in the box for the railroaders, was in great form allowing only four scattered hits, while men retired via the strike out route.

**RAILROADERS SCORE**  
In the first inning the railroaders scored a lone tally. Falconer Campbell singled and was brought home on two sacrifice hits by Whyte and Copas.

In their half of the inning the newcomers jumped into the lead. Rutledge and Salloway each singled and Salloway scored on a sacrifice. Saunders, who was in the box for the railroaders, was in great form allowing only four scattered hits, while men retired via the strike out route.

Until the fifth inning both teams played errorless ball behind airtight pitching by both chucks. In the first half of the fifth, F. Campbell singled to centre field and Bob Whyte was safe when two Tillicums scrambled away his roller. With two men away Harry Copas drove an easy one to Salloway, at short, who fumbled the ball, allowing two men to cross the plate.

**BOYS BECAME NOISY**  
In the seventh Bill More, the hard hitting C.P.R. catcher, shot another one to the Tillicums' shortstop, who made a wild throw in the first sack. More going to second on the play. Rutledge caught More off the sack and he was called out by Umpire McGregor. The railroaders protested and Bill Nachtrieb was ejected from the park for voicing his opinion too loudly. His place in right field was taken by Forbes.

**WRECKERS IN ACTION**  
In their half of the ninth the wrecking crew of the railroaders got into action and seven hits, coupled with a couple of errors, let in six runs which clinched the game. The Tillicums tried hard to come back, but they were only able to amass across another run when Esler walked and came home on Hocking's long hit to left field. In sliding into second base Hocking was hit on the head with a pitched ball which put him out for the rest of the game.

For the railroaders F. Campbell was the heavy slugger with four hits out of five times at bat while he scored three of his team's runs. Esler, of the Tillicums, knocked out two safeties in three trips to the plate.

The next game will be played on Saturday afternoon between the Automobiles and the Eagles.

**To Represent Canada In Yachting Events**  
Toronto, June 12.—Canada will be represented in the one-man yachting events at the Olympic games by Norman Robertson of Hamilton, winner of the Ontario trials, it was announced by the Canadian Olympic committee after word had been received from the Maritimes and Montreal, setting forth their intention of not competing in the national trials.

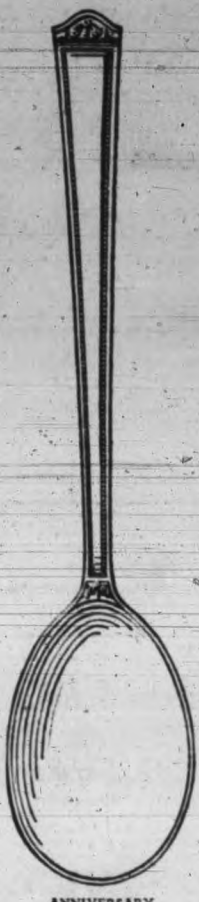

"What a wife Sally is!"

A HUSBAND'S approval follows naturally when every detail of the table setting is correct—when the silverware helps his home to make the right impression on his guests.

And it is really quite easy to make your silverware complete for every occasion. In 1847 Rogers Bros. Silverplate, its quality tested by three-quarters of a century, you may provide easily and reasonably the pieces you need. Those important necessities of the table—the salad fork, the bouillon spoon and the ice cream fork—will add to the smoothness and pleasures of every meal.

Purchase to-day the pieces you need most. Add to them as the occasion demands. This scheme is the more feasible because leading dealers throughout the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day. Meriden Britannia Co., Limited, Hamilton, Ontario.

## MINED IN MANY NORTHERN CAMPS

Charles M. Johnson Passed  
at Ripe Age After 18 Years'  
Residence Here

One of the old time miners of the early days of British Columbia died at St. Joseph's hospital yesterday afternoon, after a month in the institution, in the person of Charles McDonald Johnson at the age of 75. As "Charlie" Johnson he was known

to every old-time prospector who has visited the Dominion Hotel where he made his home for the past eighteen years. Johnson, like many men who have lived much alone in the wilderness was rather taciturn except to his old acquaintances, but with them he would launch into stories of the Yukon, Cariboo and Alaska. He had seen Nature in her harshness of the winter storms, and the occasional outbreaks of volcanic disturbance. It will be recalled he gave The Times an interesting account of an eruption of an Aleutian volcano which took place many years ago, and which was published on the occasion of the eruption of Mount Katmai a few years ago. He knew the Alaskan peninsula thoroughly, having prospected along the volcanic section. He made a fair competence which enabled him to spend his declining

years in comfort. As a miner he had been in the habit of coming to Victoria occasionally, and when he retired he settled here. Mr. Johnson was a native of the United States and leaves one sister, Miss Katie Johnson, in Moxee Valley, Yakima; and one brother, Samuel Johnson, of Van Buren. The remains are resting at the B. C. Funeral Chapel where service will be held on Friday afternoon at 2 o'clock. Interment will be made at Ross Bay Cemetery.

Gibbs—"Mothers have a pretty stiff time of it."  
Nibbs—"Why mothers in particular?"  
Gibbs—"Well, they're always afraid that some girl will marry their sons, and that some man won't marry their daughters."

Do You Know the Price  
of Goodyear Tires?

YOU know the quality of Goodyear Tires—acknowledged to be the highest. You know that you would get more satisfaction from using Goodyear Tires. Do you know equally well the price of Goodyear Tires? Do you know you can buy from a local Goodyear Selected Dealer a genuine Goodyear at prices as low or lower than many so-called advertised "Special Sale Prices"? Do you know that if you don't need the supreme mileage and road-grip of the All-Weather Cord, you can buy the Wingfoot Cord at a saving and get a tire excelled only by the All-Weather? Goodyear builds tires to meet your price requirements—whatever they are. But every one is full Goodyear quality and yields heaping value.

Have a talk with a Goodyear Selected Dealer in your community. He is well worth knowing. Out of 10,000 tire dealers in Canada, only 2,500 are Goodyear Selected Dealers—the best of them. They save you money on tires by selling economically and by rendering valuable service.

Goodyear means Good Wear

GOOD YEAR  
MADE IN CANADA

## INQUIRIES FROM ALL OVER THE WORLD ABOUT VICTORIA

Letters From England, New Zealand, U.S.A. and East Indies

From April 26 to June 11 no less than forty-eight intending settlers have been listed by the Victoria Publicity Bureau as the result of the receipt of information, after an exchange of correspondence, that the writers plan to make their homes on Vancouver Island. The latest list published by the Bureau covers a wider range than any previous list as a result of the advertising given to Victoria not only by the Bureau but also by the railway companies and government agents in various parts of the world. There are inquiries from Alaska, England, Belgium, the Dutch East Indies, New Zealand, Cuba and India in addition to those from many parts of Canada and the United States. There are eight prospective settlers from California on the list. Others are from Washington, Louisiana, Wisconsin, Oregon and Massachusetts. The complete list is as follows: M. E. Lane, Dolomi, Alaska; W. Lobger, Burwood, Louisiana; Frank Heale-Lowell, Mass.; C. L. Landreth, Spokane, Wash.; Mrs. Winifred Wilkins, Montreal, P. Q.; H. E. Crowhurst, Toronto, Ont.; Geo. D. Bartlett, Milwaukee, Wis.; B. L. Bradley, Portland, Ore.; F. E. Mers, Oregon; Mrs. W. D. Craigie, Manchester, Vermont, U. S. A.; Louis Rogan, Watertown, Wis.; Jas. Kerr-Watson, Lowell, Mass.; D. Coile, Manitowish, Wis.; Donald Alexander, Sask.; Sydney Maslen, Winnipeg, Man.; T. I. Elliott, Regina, Sask.; Rev. R. H. Hamilton, Moose Jaw, Sask.; Mrs. A. Metivier, Lake Umbagog, N. B.; Miss Muriel Williams, Red Deer, Alta.; A. W. Barnard, Milestone, Sask.; C. R. Chute, Santa Barbara, Cal.; A. A. P. Reid, Carmel, Cal.; E. M. Archibald, Alameda, Cal.; George P. Wright, Santa Cruz, Cal.; C. H. Gupill, California; W. L. Harrison, Oakland, Cal.; Byron Wrisley, San Jose, Cal.; Frank Eberhard, Point Lemoine, Cal.; Donald McGilivray, Samarang, Java, Dutch E. I.; T. Smith, Lancashire, England; W. G. Whiting, Wimbledon, S. W. 19, London, England; R. Rosenbaum, Havana, Cuba; B. Platt, Skipton-in-Craven, Yorkshire, England; M. De-trait, Belgium; Charles G. Bloore, New Zealand; Mrs. K. Forbes, Ravenswood, Coconino, Nigiria, South India; B. G. Rankine, Santa Barbara, Cal.; H. J. King, Toronto, Ont.; T. Van Lena, Montreal, P. Q.; J. L. Peard, Port Credit, Ont.; G. F. Ephgrave, Toronto, Ont.; Robert Alexander, Dexter, Jefferson County, New York, U. S. A.; H. Giddings, Oakville, Ont.; Arthur C. McKay, Halifax, Nova Scotia; M. A. J. Stevenson, Toronto, Ont.; Ben Turnbull, Hamilton, Ont.

## NOT COMPULSORY BUT DESIRABLE

Returning Officer Says Men-  
zies Street Booth Favored  
For Two Causes

The statement in The Times from Returning Officer W. P. Marchant that special facilities would be afforded for absentee voters to exercise their franchise at the Drill Hall (police barracks) Menzies Street, has been misunderstood, Mr. Marchant said to-day. He desires it to be distinctly understood that the absentee voter is entitled to vote at any booth where he claims his ballot but as returning officer while he has special booths for such voters in each polling division, he has made provision that there is additional room at Menzies Street. There is also the proximity to the wharves where voters who are away from their home ridings will necessarily be on June 20 to and from the steamers.

Mr. Marchant has had a number of questions addressed to him with regard to persons who are registered in B.C. but who may be out of the Province on June 20. There is no provision for advanced voting and the elector must exercise his ballot within the territorial limits of the Province on polling day.

THIRD PARTY IS  
ACCUSED OF MAILING  
SCURRILOUS TRACTS

Col. W. W. Foster, D.S.O.,  
Roundly Scores Provincials  
For Propaganda

Cowichan Station, June 12.—A slashing attack on what he termed the "dissemination of scurrilous literature through the mails" was delivered on the Third Party by Col. W. W. Foster, D.S.O., at a Conservative rally here on Tuesday evening. The Colonel spoke on behalf of C. F. Davis, Conservative candidate in the Cowichan-Newcastle riding. It was a non-British way of slating an opponent, said the speaker in reference to the propaganda mailed by the Provincial Party to the electors.

Mr. Davis, on his own behalf, urged policies which he said he would support if elected. These include a single tax for farmers, who, he said, were under an intolerable burden of taxation which was crushing the life out of agriculture. Mr. Davis said he did not fear the opposition of the Liberals in the riding. The fight to him, was between himself and the Socialist candidate, Sam Guthrie. Economy in administration, under a Conservative regime, he said, would liquidate the Provincial debt, reduce taxation, and grant further relief to over-burdened municipalities. The meeting was interrupted at periodical stages by heckling by Provincial Party supporters. This led to passages between Col. Foster and the hecklers, in which warm exchanges were taken and given.

## POLITICS

The elusive Campaign Rabbits.  
Fight settles down to Cold  
Realities.  
Oliver expects to cut into  
Conservative Territory.  
Politicians trek to Interior.  
Stevens finds duty calls him  
to Help Bowser.

Nine days before election and none of the sensations promised by the Opposition parties have bobbed up yet. The campaign, in fact, seems to be proving a sad disappointment to people who thought that Mr. Bowser and General McRae were going to produce marvelous new rabbits out of their political top hats.

As Mr. Farris remarked the other night—Mr. Farris has a habit of getting down to the bottom of things—the present campaign is without sensationalism of any sort. The Government has not sought to create an elaborate "issue" like the old Conservative railway schemes, which would have plunged the Province into debt. Instead, the Government is standing simply on its record and says, in effect, that if it is re-elected it will maintain its present policies.

On the other hand, as Mr. Farris observed, the Opposition parties have failed utterly to raise any question which would rally support around them. They have nothing to offer and they seem to have despaired of finding out anything which would seriously injure the Government. All of which is very sad for scandal-mongers and lovers of sensation. Their faith in Mr. Bowser must be sadly shaken. Perhaps, as the former Attorney-General suggested, Mr. Bowser has given up viliification as a bad job after seeing where it landed the Provincial Party. And as the campaign which came in like a roaring lion is going out like a very tame lamb. Altogether the events of the last few weeks indicate that the electors are tired of the old-time political clap-trap and are considering the present election in a serious frame of mind as they would consider any business proposition.

The Government will carry the Conservative stronghold of Similkameen in the coming election, according to Premier Oliver. After campaigning in the western half of the Similkameen riding, where the Provincial Party was supposed to be fairly strong, the Premier declared in a telegram received here to-day that Mrs. H. McGregor, the Liberal nominee, was sure of election. Already the eastern half of the riding is regarded as solidly behind the Government and with the western districts also supporting Mrs. McGregor, her election seems assured, the Premier declared in his telegram.

If the Premier's prediction is correct, the Liberal Party will cut seriously into Conservative territory in the interior. Mr. Oliver already regards South Okanagan, now held by J. W. Jones, Conservative, as a sure thing and is confident of a reversal of the poll in Salmon Arm. This would give the Government an unbroken line of support through the central interior from the main-line to the international boundary.

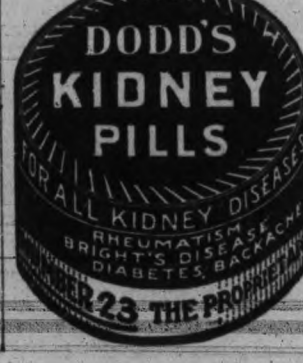

Coast politicians are trekking to the interior these days in increasing numbers. Besides Premier Oliver and Mr. Bowser, G. G. McGeer, K.C., and H. H. Stevens, Federal member for Vancouver, have left there the cool weather of the coast and braved the interior heat to tell the electors about the issues of the campaign.

Mr. McGeer, who shares with Premier Oliphant the reputation of knowing more about western freight and express rates than anyone else in Canada, is explaining the importance of the Government's rate fight to the interior people. At present he is in the Okanagan country, which is vitally interested in express rates because its fruit is shipped by express to markets all over the country. Lower express rates, Mr. McGeer declared in his speech last night, would solve the fruitgrowers' present marketing problems.

Even Mr. Stevens must be amazed at the enthusiasm of the chairman at a meeting in Revelstoke the other night. This gentleman was now content with asserting that Mr. Stevens was a good politician. He was not satisfied until he had called the Vancouver member the best-liked and most capable man in Canadian public life to-day. Rather hard, this, on Mr. Meighen and Dr. Tolmie, colleagues of Mr. Stevens in the old Meighen Government.

Anyway, Mr. Stevens, "the best-liked and most capable man in Canadian public life to-day," evidently thinks that his capable qualities can best be used in the interests of the Canadian people right here in British Columbia instead of in Ottawa, where most members of the House of Commons are swarming now to earn their seasonal indemnities.

Mr. Stevens said in Revelstoke that he would make no apology for rushing away from Ottawa to come to the assistance of Mr. Bowser, whom, by the way, he attempted to dislodge from the Conservative leadership in this Province a short time ago. Mr. Stevens felt, he said, that his duty, his supreme duty, was not to the Conservative Party, but to the people of British Columbia.

Only because we make all our own garments at our headquarters in Montreal and sell them exclusively from our own shops can we offer such amazing value.

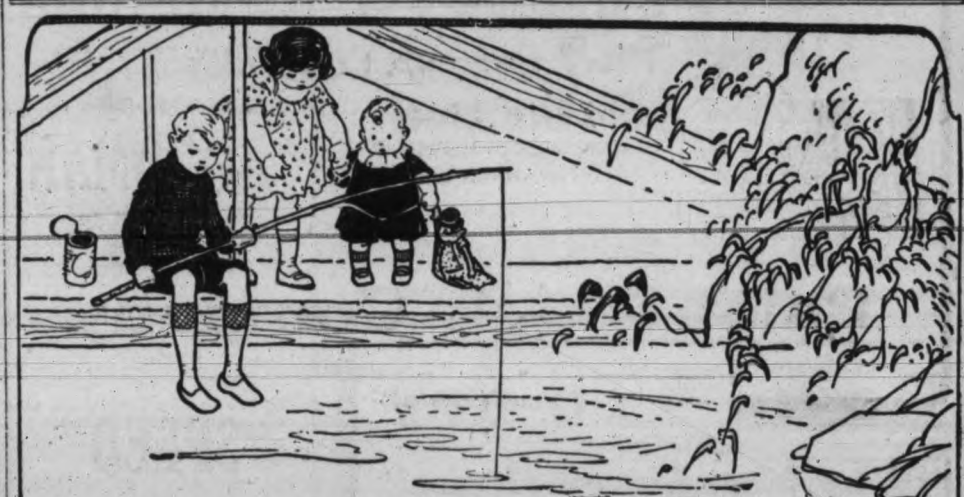

to remain in Ottawa and look after the interests of the Province there, but to come out here and rid British Columbia of the incubus of the Oliver Government. That is what Mr. Stevens called the Government—an incubus. And he added that he had more nasty things to say about the Government before he was finished.

H. G. Perry, Liberal candidate in Port George, has been stricken with appendicitis in Edmonton and will

undergo an operation. He will be laid up till after the election. Mr. Perry was on his way back from the Peace River section of his riding when he has just finished a most successful campaign. It is thought that the hardships incidental to his hurried trip have brought on his trouble.

Enquiry in betting circles, at the clear stands, in the clubs and around the streets in Vancouver, says The Evening Sun of that city, gives Gov-

ernment candidates a slight edge over any and all oppositionists in this city at the forthcoming election. It is a little early yet for the professional bettors to be uncovering their odds, but what evidence is available on wagers actually made seems to place Charles Woodward, Ian Mackenzie, J. W. deB. Farris and Mrs. Smith in the column of sure winners. The Conservative conceded a chance by the betting element, and some quote fairly good odds on A. D. McRae.

For young growing feet

NO test is so hard on footwear as the wear and tear that active, romping feet of children give to shoes.

And no summer footwear ever made is so durable and economical, at the same time so comfortable and healthful for young, growing feet, as Fleet Foot.

With porous canvas uppers and tough, flexible rubber soles, Fleet Foot gives vented freedom to the young, active, growing foot muscles—bare-footed lightness without the risks of bare feet.

Leading doctors and school nurses approve and recommend Fleet Foot shoes.

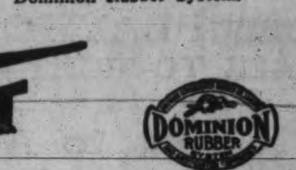

There's a difference in rubber sole canvas footwear, just as there are differences in hosiery, hats, clothing or almost anything you buy.

When you ask for and get Fleet Foot, you are sure of the best quality and value.

The trade mark

FLEET FOOT

stamped on the shoe is your assurance of the genuine Fleet Foot shoe—made only by the Dominion Rubber System.

## Alberta Woman Faces Trial on Murder Charge

Red Water, Alta., June 12.—Mrs. Zaska Kaminsky was committed for trial here yesterday after a preliminary hearing upon a charge of murdering her husband. The preliminary hearing followed immediately after a coroner's inquest, the

verdict being that Joseph Kaminsky came to his death at the hands of his wife and that the weapon used was a monkey wrench. Kaminsky, Mrs. Kaminsky told the magistrate at the hearing, used to call her "an Ukrainian pig," and treated her cruelly. Finally she resolved to end the brutal treatment.

## SLAYERS PAMPERED GENIUSES

Leopold and Loeb Knew no Discipline Even From Earliest Years

Chicago, June 12.—"Until I was eight years old they drilled conscience into me. After I was eight I tried to drill conscience out of me. This is the autobiography of Nathan F. Leopold, Jr., nineteen-year-old confessed slayer with Richard A. Loeb of little Robert Frank. 'Babe' Leopold, the youngest and most promising child in the home of a wealthy ship owner and manufac-

nized as a good fellow. Susan Lurie, student friend, who is expected to disprove any insanity defense, describes Leopold as always a bit 'ritzy.' But she insists 'Babe' Leopold had something to be 'ritzy' about. 'He is of a superior intellect, his brain works fast. He has good company, too,' she explains, 'and a lovely dancer.' 'Up until two weeks ago he was

Ten months ago the Ornithological world was paying unstinted tribute to Nathan Leopold, Jr., to-day held for the murder of Robert Frank. Never before had the Kirtland, or Jack Pine Warbler, been photographed. But Leopold succeeded in doing it, obtaining both still and moving pictures. The rarest of American songbirds, which for years had fled from all men, even ate from his hands. This photograph is an enlargement of the film the Michigan Conservation Department took at the time. It shows Nathan in the act of feeding a warbler.

turer, was, from his first lipings, counted a genius. Parents and servants bent to the assignment of helping him realize the promise of becoming an honor to the name.

By the time he was six he was reading away past the nursery rhyme type of literature, and had taken up the outstandingly good and decent interest of his life study of birds. At ten, his collection ran into scores of specimens gathered and stuffed by himself. He collected butterflies, too, and in both fields his interest was that of the mature scientist, rather than the curious boy.

Authorities wrote to ask his opinion while he still was wearing short trousers. He was unusually bright, leaping forward two or three grades a year. And his conduct was conventional enough then to avoid trips to the principal's office for discipline.

**ALWAYS SCOFFER**  
But Nathan Leopold always was a scoffer superior, a scoffer rather than a mixer. He was not athletic. He was not early interested in girls.

He preferred to read voraciously in books beyond his years or to tramp the dunes and woodlands stalking birds.

He entered the University of Chicago at fifteen and was graduated at eighteen. He was a shark on languages and science, a Phi Beta Kappa without trying, but not recog-

the kind of man any girl would be proud to have dropping in for tea. In the Spring of 1922, young Leopold accomplished the distinguished scientific achievement of filming the rare Kirtland warbler in a northern

"I have never known a young man of finer appearance and manners than 'Dick' Loeb," says Thomas Daven, Chicago photographer, who took this picture a few months ago in the Loeb home. "If he is guilty of the crime charged to him, there is no doubt but what he is insane."

Michigan forest. He later lectured on that feat before the American Ornithological Union in Boston, and wrote a book on the migratory habits of 237 birds in the Great Lakes region. "Babe" Leopold always has done about as he pleased. Discipline never was successful with him. Even in his

infancy he would stamp a tiny foot and shout defiance to correction of his imperious will.

**LOEB SPOILED CHILD, TOO**

Two years ago his mother died and the boy was left even without that restraining living with his busy father and brother in a servant-filled house with lavish spending money and sundry automobiles.

"Dickie" Loeb, the other slayer, was like Leopold in superiority of intellect, wealth and family position, but in temperament he was winsome and sunny, where his companion was cynical. He is slightly younger—just turned eighteen, when he graduated from the University of Michigan a year ago.

When only twelve he was permit-

## WOMAN GUILTY OF MANSLAUGHTER

Winnipeg, June 12.—The jury in the trial of Katie Kadeniuk, charged with killing her husband at their home near Teulon, Man., on March 9,

last, reduced the charge and brought in a verdict of guilty of manslaughter after a deliberation of forty-five minutes yesterday.

The woman and her children, according to evidence produced at the trial, had been badly treated by Kadeniuk, who had threatened to kill her. Kadeniuk died in the hospital from the effects of axe wounds. The

woman, in her confession, admitted striking him with an axe as he lay asleep. She was remanded for sentence.

\$5 cts. a box of 35 pills, Edmanson, Bates & Co., Ltd., Toronto

"I have liked your 'Aristo' lubricating oil well enough to have used it, and no other, in my Chevrolet car for the last 17,000 miles. The car is in use constantly, and for all sorts of rough ranch duty, often with a trailer, but during this time I have had no trouble which was due to faulty lubrication. 'The Chevrolet being several years old, there is considerable play in the pistons, and consequently some oil works up into the firing chamber, but during the time that I have used 'Aristo' I have never fouled a plug. When the engine was overhauled some time ago, there was but a thin deposit of carbon, which was soft enough to be easily removed."

(Name on Request)

## "Carbon" that Blows Out With Exhaust Keeps Motors Clean For Thousands of Extra Miles

THERE is a reason why so many people write us about Aristo motor oil.

They note a difference in "carbon" deposits (which eventually result in varying degrees from every motor lubricant).

Motors lubricated with Aristo travel from 10,000 to 20,000 miles without so-called "carbon." Some records of 25,000 to 50,000 miles have been reported by Aristo users.

The reason is, most of the soft, fluffy residue that comes from Aristo blows out with the exhaust and thus removes itself.

### Hard, Flinty, "Sticky" Carbon

Another kind of "Carbon"—hard and flinty—has a tendency to cling and, therefore, accumulates nearly four times as fast as the fluffy kind. Chisels, or special torches, are required to remove it every 3,000 or 4,000 miles, or your motor "knocks" and loses power, due to leaky valves and "sticky" pistons. You know this kind.

This "carbon" also attaches to spark plugs and short-circuits them so the motor misses. It becomes incandescent and pre-ignites the gas, causing "knocking".

There are several real advantages, therefore, in a soft, fluffy residue that so minimizes the time-wasting, troublesome "carbon deposit".

Aristo users are so impressed that they write us frequently. We print their words, from time to time, so that you may learn from others what they know to be the facts about this motor oil.

All first class garages and service stations can supply it.

**Union Oil Company  
of Canada, Ltd.**

**ARISTO  
Motor Oil**

**Avoid Motor Oils**  
containing paraffin or asphalt or any other non-lubricating substance. Aristo Motor Oil is refined by the most advanced processes designed to eliminate everything in the crude which has no lubricating value.

## Last Minute News on Stocks and Financial Affairs

### PROFIT TAKING IN STOCKS TO-DAY

New York, N.Y., June 12. (By R. P. Clark & Co., Ltd.)—Stock market prices were higher in the first hour but a reactionary tendency developed in the afternoon dealings on selling the same to be largely responsive of scattering profit taking and some selling by floor professionals principally on the reaction theory. A further reduction in the New York Federal reserve discount rate 2 1/2 per cent created a rather active inquiry for some bonds and the majority of the dividend paying rails and industrial early dealings. It is believed that the employment of funds will make its appearance in larger volume in securities of the above mentioned type and particularly in issues where the return on investment is especially attractive and when measured up to prevailing rates for accommodation. More cheerful sentiment seems to prevail in this district and much of this is fostered by the belief that general trade is reaching a recovery, but the foundation and the next move will probably be constructive in character. Opposition to price bulges will probably emanate from those who are still of a bearish opinion but we think that the buying power on moderate recessions will be of substantial character and particularly warrant the pursuit of the buying side on minor setbacks.

### MODERATE SETBACK IN INDUSTRIALS

New York, June 12. (By R. A. Bond.)—There was a moderate amount of stocks sold to-day on account of profit taking by those who had been picking up the better class of securities on the belief that the plethora of money would finally turn the security market in an upward direction. The opening was higher as a result of the reduction in the Federal Reserve re-discount rate to 2 1/2 per cent yesterday. Except in the rails, the opening was around the high of the day, although the recession in the industrial market was decidedly and at no time was the tone weak. Rails were the strong feature throughout the session. A few specialties such as Cast Iron Pipe and Savings Arms scored well on the upside, the former going to its old high. No doubt there is a willingness to take stocks on the advance now that did not exist a week or so ago, and sentiment has changed decidedly in favor of a further advance. The nomination to-day of Mr. Coolidge for President should have a steady influence on the market.

### CHOPPY MARKET IN CHICAGO GRAINS

Chicago, Ill., June 12. (By R. P. Clark & Co., Ltd.)—Wheat: The commission house demand for wheat to-day was not so active on the Chicago market as it was yesterday, resting orders were in the market to support it on all the setbacks.

Winnipeg was inclined to lag and the Liverpool closed at 1 penny higher was not regarded as a favorable response to our upturn. Cash wheat continues strong and Spring wheat premiums were 2 cents higher, which denotes a broader milling demand.

Minneapolis mills were reported buying July wheat there all day. Stocks at Minneapolis decreased 350,000 bushels for five days. The crop news did not reflect any material change in the outlook, and harvest will be late with dry and warm weather now needed. It would seem that fundamental conditions are growing strong in the wheat market, but there has been an immense trade late few days and some realising after the first big advance in months was not unattainable.

We believe declines will be of small proportions and short lived, and would buy on all the setbacks.

Corn: On the whole corn showed a strong upward tendency, commission houses buying on the dips. The good cash demand with a firm spot market with the late crop and strength in wheat make a situation which we think precludes any material setbacks. Receipts were 117 cars with primary receipts liberal at 643,000 bushels. Showery conditions still prevail over most of the belt. The crop as a whole is two to four weeks late, and farmers are disposed to hold back their corn.

Low grades were firmer to-day. Shipments were 60,000 bushels.

A two-sided market is indicated in corn, but with wheat strong prefer the buying side on the dips. Prices, but rallies met with considerable selling. Cash sales were 40,000 bushels, receipts were 110 cars, and the primary run is large. Crop news mixed, stock of corn in the world heavy and with possibility of a late harvest shorts in July are not in a very comfortable position, especially if other grains should continue strong.

Chicago, June 12. (By R. A. Bond.)—An evening up process was evident in to-day's grain markets, and the market was rather choppy and not so broad as during the past few days. No great strength was evident, although corn futures were inclined to harden and near the close wheat ran up a cent from the day's low and closed near the day's best. To-day's trading probably represented a good deal of sales for profit taking and some speculation, especially in wheat. Corn profits were taken yesterday and the technical position in corn has been strengthened to some extent. Sentiment on wheat of course is becoming more bullish, but brokers are inclining to caution and traders are inclining to buy only on reactions. Leaders contend that there is a chance that a shortage in world supplies will be indicated late in the season. Export business just now is moderate.

### WINNIPEG GRAIN

Winnipeg, June 12.—After an easier opening to-day's wheat market ran into considerable selling pressure, mainly in the shape of profit-taking on the advance of the past few days, but a good class of buying came out as all recessions from exporters and shippers. Throughout the session the undertone remained strong and a large volume of business was worked. At the close July was 1/2¢ and October 1/4¢ under yesterday's final prices.

## DIES FROM INJURIES IN FIRE AT MARPOLE

Vancouver, June 12.—Joe Nimmo, an employee of the Barrett-Roofing Company, Marpole, died in the Vancouver General Hospital yesterday from burns received last Saturday when fire broke out at the company's plant.

## What John Nelson Said In "The World" February 23, 1918, re P. G. E. Railroad Settlement

"WORLD," Vancouver, February 23, 1918  
("World" at this time controlled by John Nelson)

### The P.G.E.R. Settlement

\*The settlement of the P. G. E. Railway imbroglio is, probably, in view of all the tangled circumstances of the case, the best that could be achieved.

To the Hon. John Oliver the credit of securing the best terms possible for the Province is due. He has been unremitting in his endeavors to compel the promoters to return to the Province at least some of the public's money. That he has not been able to make better terms is not his fault, but is due to the astonishing tangle in which the company's affairs stand. The only alternative to Mr. Oliver is a long vista of costly litigation, heavy depreciation in the value of the railway itself, and great delay in the opening up of a rich, productive area of the interior.

## VOTE LIBERAL

## BOTH PARTIES DRAW FIRE OF PROVINCIALS

**Chairman Confines His Pledge of Support to Three of Four Candidates**

**Capt. Thain Delivers Fighting Speech at Girls' Central School**

An audience of fifty presided over by Beaumont Hoggis listened to a vigorous denunciation of the Liberal and Conservative parties at the Girls' Central School last night when three of the candidates, Alderman A. E. Todd, A. G. Smith and Andrew Wright, spoke. Captain Thain of Vancouver was the chief speaker and bitterly assailed the Oliver Government. Beaumont Hoggis incidentally took the opportunity to contradict reports that he had withdrawn from the Provincial Party, but although he protested he was solid for the Provincials, he confined his pledge of support to the "three candidates here to-night," the absent Alderman E. S. Woodward apparently not being embraced in the pledge. The Independent candidate, Joe North, was at the meeting but took no part in the proceedings except to smile broadly when a reference to him drew a remark from the chairman that "he would be better to return to Joe North than John Oliver."

Captain Thain launched into a vigorous attack on Hon. John Oliver in particular, and the Liberal Government in general.

"Mr. Oliver's whole posture is a lie," he said, "when he says he is an honest man at the head of an honest Government. But what is there in Mr. Bowser that you should turn from John Oliver and put in Bowser? It is only the machine that he has built that is keeping him in. The air of the Provincial Party is to break the political machine which has a stranglehold on the Province. Touching on the P. G. E. inquiry he said, 'We had had the version according to Bowser, the version according to Oliver and then the perversion of Mr. Justice Gaultier. The railroad cost \$45,000,000 and is not worth 45 cents. It was begotten in ignorance and born in iniquity.'"

"I think you're a knocker said a member of the audience.

"A knocker," replied the speaker, "I would be a killer if I had some of them."

Referring to Hon. William Sloan's libel suit against General MacRae he promised a lot more would be heard about campaign funds during the trial.

**A. G. SMITH**

After stating that he was once a Conservative, A. G. Smith said it was not now a party in British Columbia. It was a man and that man was railing upon it like an incubus.

The Party was suffering through an attempt to foist upon it the rule and will of one man.

He questioned whether the Conservative platform was not "a ready-made hand-me-down thing to last until the election was over." He admitted that although he leaned to Conservatism he had helped the Liberal Government in 1916 over the body of W. J. Bowser because he had tired of his leadership.

"Mr. Bowser has never taken a stand on any one thing. He has done a lot of ranting and raving at Hon. John Oliver which does not worry that gentleman at all."

Dealing with the Provincial platform he said one of the planks that appealed to him was that for the abolition of patronage. He also strongly supported an educational survey of the Province, claiming that the result of the present educational system was to send thousands over the line to earn a living.

**ANDREW WRIGHT**

A depressing picture of the Province suffering under such a mountain of debt scaring away capitalists and driving its people away from home was drawn by Andrew Wright. "But we are the Party who can reform it," he said. General MacRae he described as a man above petty-fogging grafting and greed, into a glowing eulogy of his capabilities.

"Mr. Bowser put the sticks on British Columbia and Mr. Oliver greased them. British Columbia has gone down the hill so fast and is on the verge of bankruptcy. If you put either of them in she will go."

so hard that every dollar will be shaken out of your pocket. General MacRae is the best man we ever had and the best we are likely to get. We should be foolish to let an opportunity like this slip. We have suffered many years, and if either of the old parties go back we might as well get out of the country."

**CIVIL SERVICE**

Touching upon the Provincial Civil Service, he said, "If every man in the Government service were a uniform you would hardly see a civilian. Only those 100 per cent efficient will be retained if the Provincial Party is returned."

**ALDERMAN TODD**

Alderman Todd selected as the plank in the Provincial platform that most appealed to him, the one for "honest economic Government in the interest of the general public of the Province, every other plank in the platform being subsidiary to this."

Stalling that he had not been carried away on the wave of enthusiasm for railroads which had swept the Province, he expounded a policy of road building. He was convinced if the Government would put in the Port Renfrew road and the C. N. R. would put in a cheap logging railway it would secure a great step forward and industries would come to Esquimalt and Sooke like Port Angeles to-day.

He promised if he were elected to see the cities got a fair share of the gasoline tax, income tax and amusement tax, and charged the Government with breaking faith with the municipalities in not granting them a share of the gasoline tax.

Beaumont Hoggis introduced the candidates very briefly and took the occasion to correct reports that he had left the ranks of the Provincial Party, declaring that he stood solidly with the Third Party.

**OTTAWA WORK IS NOT NEGLECTED, TOLMIE REPLIES**

**Other B.C. Members Carrying on While He Aids Bowser Here, He Says**

That he had a perfect right to come to his home province to take part in the present election campaign was the assertion of Hon. S. F. Tolmie, M.P. for Victoria, in a speech at Saanichton last night in support of T. G. Coventry, Conservative candidate in Saanichton. Replying to the attack of Alderman A. E. Todd, who assailed him for leaving his seasonal duties at this time, Dr. Tolmie declared that his work at Ottawa was carried on in his absence by other British Columbia members and particularly by C. H. Dickie, M.P. for Nanaimo.

Dr. Tolmie outlined in some detail the work which he has been doing at Ottawa. "I can assure you that I have not neglected the affairs and interests of my constituents," he said.

The Victoria member looked over the political situation in Canada and beheld a wave of Conservatism sweeping over the country, and he added his belief that British Columbia was about to line up with the Conservative Party.

"Our leader to-day in British Columbia is Mr. Bowser," said Dr. Tolmie. "We must stand behind him and put him over on June 23. He has been maligned and attacked by his opponents, but not one single thing reflecting on his honor has been proved against him."

Conservative Premier of Ontario, was subjected to a similar campaign of abuse, but Ontario made him its Prime Minister. Let's see that Mr. Bowser is returned on June 23."

Mr. Coventry told the meeting that he was delighted with his prospects. His meetings, he said, had been attended by large audiences than the meetings of either of the other two candidates. He predicted that few Liberals would be elected on the southern end of the Island.

**ENGLISH FIRM ASKS FOR B.C. SPRUCE**

**Prefers to Do Business With Canada Rather Than U.S., Chamber Told**

Information received by the Chamber of Commerce from Bristol, England, states there is an opening in the West of England for a first class British Columbia mill that can supply spruce which meets the requirements of United Kingdom importers. Such stocks of silver spruce would be required not only at Avonmouth, where delivery can be made by the Canadian Government merchant marine via the Panama, but also in London and Liverpool. The stock is held largely for aeroplane construction. On the outskirts of Bristol is located one of the largest plants for manufacturing aeroplanes. Specifications required are 3 to 6 inches thick, 6 to 12 inches wide, 18 feet and up long admitting ten per cent. of 12 feet up and long.

With regard to the method of shipping this stock it is desired in two different gradings, namely slash grain, the ordinary cut and vertical grain which is at a premium. The price ruling for vertical grain is \$130 per thousand feet c.i.f. London.

The principal Bristol firm interested states that it has cleared out 200,000 feet of this stock during the past month for silver spruce shipped from Washington, but they would prefer to do business from a Canadian source, where the silver spruce is just as suitable as that shipped from the United States. There is also a demand for prime maple blocks.

**THE LIVE STORE**

In disturbed conditions the usefulness of a live store to a community is far greater than in normal times. Thus a store's advertising takes on increased importance. A weak campaign of advertising is a bad policy at any time for a merchant.

The merchant who does the most aggressive advertising will always get the greatest results from advertising. In business, as in the movement of armies, people like to be forward movement takes place.

## SEEKS TO SEE CITY IN GARB OF COLOR

**Decorations to be Important Feature of Celebration Shortly**

As it is only nine days until the arrival of the British Special Service Squadron here, in fact, the ships begin to-day the last lap of their journey from Honolulu across the Pacific to this port, in their 30,000-mile cruise, the work of the entertainment committee grows hourly more urgent. Until the result of the present canvass for funds is known the members of the various committees are moving in the dark, and cannot close some necessary contracts.

The committee is particularly anxious to see the city a bower of color, preferably in blue and gold, for the event which will be the chief feature of the present season. So remarkable has been the fleet reception elsewhere that the most artistic and aesthetic taste is necessary to enable the city to take its place with welcome in South Africa and Australia among British peoples, to say nothing of the luxurious splendor of the greetings in Asiatic countries, and in tropical East Africa.

Owing to the large sum of money which is to be expended in decorations in Vancouver, the committee hopes without the rivalry which makes comparisons odious, that the effect here will be worthy of the city.

The effect of a well-decorated city on the street parade which is the show feature of Monday week will be to leave a pleasant memory, and as it is the most photographed feature of the fleet's visit to various points the publicity value to the city is immeasurable.

Applications are beginning to come in for the special excursion of thirty officers and 250 men to take the interior under governmental auspices during the presence of the fleet on this coast. Moose Jaw asked for the detachment to be routed through that city recently, now Nelson has advocated the claims of the Kootenay, urging that a splendid opportunity to see the country would be afforded by the tour via the Kettle Valley railway.

**FOR THE BOYS**

As the result of a committee meeting on Tuesday, it is announced that the entertainment to the boys of the fleet will occupy June 30. That is the day set apart for the automobile drive, which will end up at the Chamber of Commerce auditorium, where luncheon will be served. Mrs. Hodgson and Mrs. Stevin are placed in charge of the luncheon arrangements. A special appeal is issued for cars to convey the young bluejackets round, and all those with cars to loan are asked to notify the secretary, room 6, Metropolitan Building, telephone 1395.

**BOARD DENIES INDIFFERENCE TO FLEET VISIT**

Just before the City School Board went into recess last evening, Trustee Litchfield rose and drew attention to an editorial in the morning paper of that date, which he said contained "statements which were absolutely untrue."

He stated that the criticism that had been made about the attitude of the board to the children witnessing the naval parade on June 23 were not justified. As a matter of fact, on April 30 the board had appointed a committee to take up with the admiral the question of meeting the school pupils at some convenient central point, and they were now awaiting an answer.

Objection was also taken to a statement reported to have been made to the entertainment committee of the board that the board had refused the holiday. They would recall that a week ago Mr. Deane had asked for opportunity to consider the school pupils at some convenient central point, and they were now awaiting an answer.

The trustees concurred in what had been said. Mr. Litchfield personally explained to The Times representative that the board proposes to mass the pupils of senior grade standing and High School pupils in the High School auditorium on Monday, June 23, and ask the vice-admiral commanding to address them there).

**TO CONDUCT SUNDAY SCHOOL**

The City Temple has applied, through the executive secretary, for permission to use the North Ward School for religious educational work among the young people. A promise has been given to conduct the school under proper adult supervision.

Municipal Inspector Deane stated that he had received a visit from two representatives of the church, and learned it was a temporary measure until the church was organized. He understood it would be of a Sunday School character. All expenses would be met, he was assured.

Trustee Litchfield suggested that the permission should be granted for June, July and August.

On this understanding, permission was granted for the three months, subject to renewal if necessary at the expiry of the period.

**HIGH SCHOOL MEMORIAL**

As a memorial to High School students who lost their lives in the great war, Earl Clarke, a member of the teaching staff, has prepared a small model of the life-size figure it is proposed to erect in the main corridor. He was asked to make the life-size figure this fall.

The project will be financed from the fund of the patriotic organization which existed in the school during the war.

**SCHOOL TRUSTEES' CONVENTION**

The annual convention will be held at Kamloops on September 9, the board was notified by J. E. Wilton, Secretary of the B.C. School Trustees' Association. The choice of delegates will be made later.

The resignations of Miss Florence Martin and Miss Christina E. Williams were accepted. The Misses Margaret E. Sanner, Marion E. Blankenhorn and also E. J. Knappington were granted leave of absence.

## USE OF SCHOOLS BY NORMAL STUDENTS

**New Plan is Recommended in City For Next School Year**

A new plan for Normal School practice in the city schools was presented to the City School Board last evening.

Dealing with Normal School students practicing at George Jay, North Ward, and Oaklands, at the first school once a week, and the latter two schools twice a week, Mr. Deane reported that for the coming school year the practice training of Normal students should be distributed so that less use of certain divisions would be made, as fifty-nine were now used. He recommended that the following schools should be used: Boys' and Girls' Central, Sir James Douglas, Victoria West, George Jay, North Ward, Oaklands, Margaret Jenkins, and South Park.

With 105 divisions, and by selecting it would be possible to rearrange the work. The recommendation was approved by Principal McLaurin, Mr. Deane said.

Young and undeveloped as the Normal School students were, said Trustee A. G. Smith, he still felt it was too much, and he believed it was a matter for the department to reduce the amount of such teaching.

In the face of the number of interruptions, in drill, and manual training, and so on, there was a very serious retardation, he added. He was not prepared to set the situation down to lower mentality, and thus the only position could be the effect of interruptions. If Victoria could not provide the schools the department would have to undertake some other method, however, to a gradual adjustment of an exceptional condition of the past two years in the teaching profession.

Mr. Deane stated that the department regarded the situation as beneficial to the pupils. He doubted, however, if the benefit was as great as anticipated. Supervision of the student teachers was efficiently carried on, he said, in the classes.

To the chairman, Trustee Jay, Mr. Deane said, the Model School only had two divisions.

Trustee Brown believed that it was unwise to antagonize the Normal School management as a distinct advantage to the city was obtained by its location in the vicinity of the city.

The inspector's recommendation then was adopted.

**CONGREGATION PRAY FOR BEER'S DEFEAT**

Metropolitan Church Attracts Big Crowd to Special Intercessory Service

Twelve hundred men and women last night attended the Metropolitan Methodist Church special service of prayer for the defeat of the local option beer plebiscite on June 23.

The other city churches dispensed with their usual midweek services in order that last night's gathering might centre attention upon the plebiscite.

Rev. Dr. Sippell announced that Metropolitan Church vestry had been selected as campaign headquarters for the organization to get out the vote, appealed for motor cars on polling day, and waived the usual ban against collections at Wednesday services, the proceeds being devoted to meeting campaign expenses, which are expected to total \$300.

**WHO DEMANDED CHANGE?**

Rev. Dr. Leslie Chay delivered a short address, confining his remarks to the moral and spiritual side of the question. He pointed out that prohibition was in no way involved in the vote to be taken. "We cannot curtail by a hair's breadth the enormity of the liquor traffic as we have it in British Columbia to-day. What we may do is extend its evils, or we may keep the legislative restrictions where they are."

"The question is, do we approve of extending the opportunities for the sale of beer? Who has asked us to vote? By some subterfuge the Legislative Assembly has asked us to vote."

"Who is behind the Legislature? Is it the churches, the benevolent associations, the public service clubs? Did you ever hear such people ask for wider opportunities for the consumption of beer? No!"

"Who did? The very people who, a few years ago, assured us that Government control of sale in sealed packages would put an end to drunkenness, would restore self-respect to communities distraught by uncontrolled law breakers and would reduce taxation."

Dr. Chay aroused a great burst of agreement when he asserted: "The conditions which are impending, should sale of beer under the proposed terms go into effect, will be unspeakably worse than those prevailing in the days of the old bar."

**BODY OF UNKNOWN CHINAMAN IS FOUND**

Vancouver, June 12.—The body of a Chinaman was picked up yesterday morning in the inlet between Pier A and the new Pier B-C. It is believed he fell off some vessel in the harbor.

**FRECKLES**

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Children's Lisle Socks 25c  
Children's Fancy Lisle Sox, white with fancy tops; sizes to 7½; values to 49c.

**BEER**

**A B.C. Product**

Large sums of money have been expended by trade development agencies in spreading the gospel of buying B.C. products.

B.C.'s Breweries in the past year have paid nearly \$700,000 in wages to B. C. workers, not to mention vast sums spent with B. C. farmers for barley and hops.

The passage of the "beer by the glass" plebiscite will reduce the consumption of imported spirits in favor of light, wholesome, cheaper beer, made by B. C. workers from materials produced on B. C. farms.

**Vote "Yes" on the Draught Beer Plebiscite**

Beer drinkers are not drunkards. Added facilities for securing draught beer by the glass will discourage the drinking of strong liquor.
